By memo from Mr. Callahan to you dated 4/6/66, it was pointed out that Mr. Kenneth Sprankle, Director of the Clerical and Professional Staff, House Appropriations Committee, on that day reminded Chairman George H. Mahon, House Appropriations Committee, that consideration should be given to replacing the Director of the Investigative Staff and making the other appropriate moves which are made each year to be effective 5/1/66. Mr. Sprankle stated that Chairman Mahon would be calling the Director in the next few days. The Director approved the designation of SA Charles Bolz to serve as the new Director of the Investigative Staff and for SA Edward J. Hayes to serve as the First Assistant Director. It was indicated that a selection would be made for the position of Second Assistant Director and Mr. Hoover stated, "Expedite." The Director also approved the return of Leo E. Conroy from his position of Director of the Investigative Staff to serve on the inspection staff of the Inspection Division. The purpose of this memo is to recommend that SA(A) Robert G. Kunkel, Supervisor, Accounting and Fraud Section, General Investigative Division, temporarily on loan to the Investigative Staff of the House Appropriations Committee since 8/16/65, be designated to serve as Second Assistant Director of the Investigative Staff.

SA(A) Robert G. Kunkel entered on duty as an SA(A) 7/11/49, is in grade GS-14, \$17,220, 41 yrs. old, married with two children, has a BCS Degree and was born in Jasper, Indiana. Kunkel is a fully qualified accountant and has had broad Bureau experience. He previously served as a Supervisor in the Investigative Division in 1955 and 1956 and then had Assistant Legal Attache experience from 1957 to 1959 in Tokyo, Japan. He was transferred from Tokyo to Dallas when he indicated he planned to take an excessive amount of time to report to the Seat of Government where he had been ordered transferred from Tokyo. He was later transferred to the Accounting and Fraud Section of the General Investigative Division arriving on 9/23/62. He served as an Inspector's Aide in the Inspection Division from 3/11/64 until 4/5/65 when he was again assigned to the Accounting and Fraud Section of the General

RE: CHANGES IN INVESTIGATIVE STAFF

Investigative Division. Kunkel's record has been above average. He was rated excellent in his latest annual performance rating 3/31/66 and received a quality within grade increase by letter 4/29/65 in recognition of the exceptional manner he discharged his responsibilities during that past rating year. Since Kunkel's latest arrival at Seat of Government in 1962 he has not been censured and has been commended three times. He was last seen by the Director on 9/27/62 and the Director stated Kunkel made a substantial favorable impression, seemed to be intensely interested in his new assignment and the Director rated him above average.

Since being assigned on loan to the Investigative Staff of the House Appropriations Committee, Kunkel has coordinated a number of detailed studies within the Department of Agriculture and has had approximately 20 men under his supervision. Mr. Leo Conroy, Director of the Investigative Staff, advises that Kunkel has performed his duties in an above average fashion and has shown the ability to operate with a minimum of supervision. Mr. Conroy feels that Kunkel is well qualified to occupy the position of Second Assistant Director. He stated that Kunkel has a keen penetrative approach and has analyzed situations very effectively. Kunkel possesses an excellent personal appearance.

In accordance with previous practice which calls for the Director and the First and Second Assistant Directors to be removed from the rolls of the Bureau while assigned to the Investigative Staff of the House Appropriations Committee, SA(A) Robert G. Kunkel should be so removed from the Bureau's rolls as of 5/1/66.

Chairman Mahon will be advised by letter of the changes after he contacts the Director.

RECOMMENDATIONS:

(1) That SA(A) Robert G. Kunkel be designated to serve as Second Assistant Director of the Investigative Staff, House Appropriations Committee. In this connection, SA(A) Kunkel's name should be removed from the rolls of the Bureau for assignment to the Committee's Investigative Staff as of 5/1/66.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Robert G. Kunkel Title Special Agent (A)
Rating Period: from 4/1/65 to 3/31/66

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

RATE ITEMS AS FOLLOWS:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

BY SPECIAL MESSENGER

Honorable George H. Mahon
House of Representatives
Washington, D. C.

My dear Mr. Chairman:

Apropos of our telephone conversation today, I am pleased to advise that Mr. Robert G. Kunkel is being designated to serve as a replacement for Mr. Edward J. Hayes in the capacity of Second Assistant Director of the Investigative Staff. Mr. Kunkel's name will be removed from the rolls of this Bureau for assignment to the Staff as of May 1, 1966.

Mr. Kunkel has been on loan on special assignment to the Investigative Staff of the Committee since August 16, 1965. He has been employed as a Special Agent of this Bureau since July 11, 1949. He is 41 years old, married with two children, and has a Bachelor of Commercial Science degree. Mr. Kunkel has had several years of experience as a Supervisor on the headquarters staff of this Bureau.

Mr. Leo E. Conroy, in accordance with previous practice, will be relieved of his duties as Director of the Investigative Staff and will return to this Bureau on May 1, 1966. As mentioned in our conversation, Mr. Charles Bolz is to replace Mr. Conroy as Director. Mr. Edward J. Hayes will serve in the capacity of First Assistant Director.

It is a pleasure to take this action and I hope you will call upon me at any time in the future when I can be of assistance.

Sincerely yours,

EWV:crt (12)

MEMORANDUM FOR MR. TOLSON

On April 20, 1966, I saw Special Agent (A) Robert G. Kunkel, who has been removed from the rolls of the Bureau as of the end of April, 1966, in view of his assignment as an Assistant Director of the Investigative Staff of the House Appropriations Committee. He makes an excellent personal appearance, and I would rate him above average.

I discussed with Mr. Kunkel the general duties of his work at the Capitol and the necessity for maintaining an objective approach to such investigations as he may be called upon to perform for the Appropriations Committee.

Very truly yours,

MR. ROBERT C. KUNKEL

Mr. Kunkel entered on duty in the Federal Bureau of Investigation June 29, 1942, as a Junior Clerk-Typist, Grade CAF 2, \$1440 per annum. He was placed on leave without pay for military purposes 9:00 A.M., March 30, 1943, until March 8, 1946, when he returned to active duty. Effective July 11, 1949, he was appointed to the position of Special Agent, Grade CAF 10, \$4355.80 per annum. After a period of training he performed investigative, accounting, and supervisory duties. His name was removed from the rolls effective at the close of business April 30, 1966, in view of his entry on duty with the House Appropriations Committee on May 1, 1966. At the time of his separation, he was occupying the position of Supervisory Special Agent in Grade GS 14 with salary of \$17,220 per annum. His services were satisfactory and nothing is known which would reflect unfavorably on his character or integrity.

Memorandum prepared for the Special Investigative Division for transmittal to the Atomic Energy Commission (AEC).

Dear Mr. Hoover:

I have become exasperated with the press and certain representatives of our Government over recent completely inaccurate and unjust criticism of the Bureau's use of electronic devices in its investigations. With over 20 years of Bureau service, I know these allegations and insinuations to be without foundation, and I sincerely hope you will have the opportunity to set the record straight. The American public, which has demonstrated its support of you and the Bureau by its wholehearted cooperation over the years, certainly should be informed the Government approved and was completely cognizant of all such activities by the Bureau and at no time did the Bureau engage in any illegal activity.

The Solicitor General has miserably failed to defend the Government's position and he should be reminded of the contents of the Department of Justice files which will vindicate the Bureau and preclude such an inept defense of the Government in the future.

Sincerely,

Robert G. Kunkel

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

**CHANGES IN INVESTIGATIVE STAFF
HOUSE APPROPRIATIONS COMMITTEE
TO BE EFFECTIVE 5/1/67**

The Honorable George H. Mahon, Chairman of the House Appropriations Committee, contacted the Director today (3/24/67) requesting that consideration be given to replacing the Director of the Investigative Staff and making other appropriate moves which are made each year to be effective 5/1/67. In the past, the Director of the Investigative Staff has returned to the Bureau rolls, the First Assistant Director has moved up to the position of Director, the Second Assistant Director to the position of First Assistant Director and a new Second Assistant Director has been designated. Mr. Charles Bolz has been serving as Director of the Investigative Staff, House Appropriations Committee since 5/1/66. By separate memo it has been approved that following his return to the Bureau rolls on 5/1/67 he be placed in the position of Section Chief of the Accounting and Fraud Section, General Investigative Division. He will be returning in grade GS-15. The First Assistant Director on the Investigative Staff is Edward J. Hayes, and the Second Assistant Director is Robert G. Kunkel. Under established procedure Mr. Hayes should now move up to Director of the Staff and Kunkel to the position of First Assistant Director. Mr. Bolz advises that both Hayes and Kunkel have performed in an excellent fashion and he is certain that they can properly discharge their duties in these new positions. It was approved by memo of 11/29/66 that Mr. Charles Bolz be promoted from grade GS-14 to grade GS-15 in his position of Director of the Investigative Staff due to the complex matters handled by him and the large size of his staff. This practice should continue and Mr. Edward J. Hayes should be placed in grade GS-15 when he assumes the position of Director of the Staff on 5/1/67.

It is necessary to designate a new Second Assistant Director and it is recommended that SA Paul J. Mohr be so designated. Both Mr. Bolz and Mr. Hayes recommend this designation. SA Mohr has been on loan on special assignment to the Investigative Staff of the Committee since 9/19/66. Prior to his present assignment on loan to the Committee, SA Mohr served as a Supervisor in the Special Investigative Division, previously served a year as a Permanent Inspector's Aide on the Inspection Staff and also served as a Supervisor in the General Investigative Division. He compiled an above-average record as a Supervisor. He was last seen by the Director on 9/27/62 and the Director stated SA Mohr made a substantial personal appearance

seemed to be interested in his work and the Director rated him above average. Since serving on the Investigative Staff, SA Mohr has served as an over-all coordinator in some of the Staff's large and complicated studies. In the larger study involving the Department of Interior and Corps of Engineers he supervised the work of seven other investigators.

SA Paul J. Mohr entered on duty 10/29/51, is in grade GS-14, \$16,152, married with two children, has an LLB Degree and was born in Kingston, New York. He was rated excellent in his latest annual performance rating 3/31/66. He possesses an outstanding personal appearance and personality according to his performance rating.

In accordance with previous practice calling for the Director and the two Assistant Directors to be removed from the rolls of the Bureau while assigned to the Investigative Staff of the House Appropriations Committee, SA Paul J. Mohr should be removed from the Bureau rolls as of 5/1/67.

Chairman George H. Mahon is being advised by attached letter of the above changes.

RECOMMENDATION:

- (1) That Mr. Edward J. Hayes be designated to serve as Director of the Investigative Staff of the House Appropriations Committee effective 5/1/67. At that time he also should be placed in grade GS-15.
- (2) That Mr. Robert G. Kunkel be designated to serve as First Assistant Director of the Investigative Staff, House Appropriations Committee, effective 5/1/67.
- (3) That SA Paul J. Mohr be designated to serve as Second Assistant Director of the Investigative Staff, House Appropriations Committee, effective 5/1/67. In this connection, SA Mohr's name should be removed from the rolls of the Bureau for assignment to the Investigative Staff as of 5/1/67/

Memorandum for Mr. Mohr
RE: CHANGES IN INVESTIGATIVE STAFF

(4) That Mr. Charles Bolz be reinstated in grade GS-15 upon his return to the Bureau rolls on 5/1/67.

(5) That the attached letter to Chairman George H. Mahon, House Appropriations Committee, be sent.

Honorable George D. Nathan
House of Representatives
Washington, D. C.

My dear Mr. Chairman:

As a result of our telephone conversation today, I am pleased to inform you that Mr. Paul J. Mohr has been designated to serve as a replacement for Mr. Robert G. Kunkel as Second Assistant Director of the Investigative Staff. Mr. Mohr's name will be removed from our rolls for assignment to the Staff as of May 1, 1937.

Mr. Mohr has been on loan on special assignment to the Investigative Staff of the Committee since September 13, 1933. He has been employed as a Special Agent of this Bureau since October 20, 1931. He is forty-four years old, married with two children, and has a Bachelor of Laws Degree. Mr. Mohr served for a number of years as a Supervisor on the headquarters staff of this Bureau.

Mr. Charles Rols will be relieved of his duties as Director of the Investigative Staff in accordance with previous practice and will return to this Bureau on May 1, 1937. Mr. Edward J. Hayes will replace Mr. Rols as Director. Mr. Hayes has been serving in the capacity of First Assistant Director during the past year.

I am pleased to take this action and I hope that you will feel free to call upon me at any time in the future when I can be of further assistance.

Sincerely yours,

MEMORANDUM FOR MR. TOLSON
MR. MOHR
MR. CALLAHAN
MR. WICK

05 Congressman George H. Mahon, Chairman of the House Appropriations Committee, called and advised that he had talked with Charles Bolz a few days ago; that Mr. Bolz is the Agent I had let his Committee have on loan for about three years and since he, Mahon, had become Chairman, he had gotten more acquainted with the procedures and personnel and he thought Bolz has done a real good job. I told the Congressman I was glad of that and I had in mind putting Mr. Bolz in charge of our accounting work when he comes back to the Bureau. The Congressman stated that he thought the next man in line is Ed Hayes and then Robert Dunkel and if I would select another man with promise, he would be most happy. I told him I would be glad to do that and that I would advise him of his name within the next day or so.

Congressman Mahon told me to take all the time I need and he thought they were getting good work from these people, that they stay out of trouble and help them and they reflect credit and not discredit. I told him I was glad of that; that we are anxious to serve him but at the same time I want them to mind their own business and not get involved in any cross currents. He commented that they behave beautifully. I said I was glad of that and I will be glad to give him the name of the next man to go up. The Congressman expressed his appreciation.

Very truly yours,

J. E. H.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by **Check - Money Order**) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

MEMORANDUM FOR MR. TOLSON
MR. MOHR
MR. CALLAHAN

Honorable George H. Mahon, Chairman of the House Appropriations Committee, called. He stated they are about ready to change the setup on their staff of investigators and he thought that the past year has been the most rugged one they have had in a long time. He continued that all his staff people and he think Edward J. Hayes has done an outstanding job under difficult circumstances. He stated they have Robert G. Kunkle as the assistant and he is supposed to move up, he thought, if I would assign Mr. Kunkle. I told the Congressman I would be glad to. Congressman Mahon stated they thought well of him, Kunkle, and without these people, they would have much less confidence in what they do up there. I told him not to hesitate to call upon us.

The Congressman mentioned that he was talking to some Mayors as he is on Mr. Evans' subcommittee, including the Mayor from Cleveland, all wanting more money and the Mayor of Cleveland said if they did not get these programs, there is no doubt they will have violence in Cleveland this summer. The Congressman said he hoped the Mayor would take that off the record as statements like that are very provocative. I commented that it merely puts it in the minds of people with violent ideas to go out and do it and it is unwise for responsible officials, Federal, state or local, to make such statements.

I told the Congressman I would see that the matter is taken care of so that Mr. Kunkle will be designated to take Mr. Hayes' place.

Very truly yours,

**CHANGES IN SURVEYS AND INVESTIGATIONS
STAFF, HOUSE APPROPRIATIONS COMMITTEE
TO BE EFFECTIVE 5-1-68**

[redacted] Clerk of the Clerical and Professional Staff, House Appropriations Committee (HAC), advised Mr. Edward J. Hayes, Director of the Surveys and Investigations Staff, of that Committee, that the Honorable George H. Mahon, Chairman of the House Appropriations Committee, would be contacting the Director either on 3-26-68 or 3-27-68 to request consideration be given in replacing the Director of the Surveys and Investigations Staff and in making other appropriate moves which are made each year to be effective on 5-1-68. As you will recall, in the past the Director of the Surveys and Investigations Staff has returned to the Bureau rolls, the First Assistant Director has moved up to the position of Director, the Second Assistant Director to the position of First Assistant Director, and a new Second Assistant Director has been designated. Mr. Edward J. Hayes has been serving as Director of the Surveys and Investigations Staff since 5-1-67. By separate memorandum it is being recommended that following his return to the Bureau rolls on 5-1-68 he be assigned to the Inspection Division to perform duties of an Inspector. He will be returning in Grade GS 15.

The First Assistant Director on the Staff is Robert G. Kunkel and the Second Assistant Director is Paul J. Mohr. Under established procedure, Mr. Kunkel now should move up to serve as Director of the Staff and Mr. Mohr to serve as First Assistant Director. Mr. Hayes advises that both Kunkel and Mohr have performed in an excellent fashion and he is certain they can effectively handle their new duties. It was previously approved in memorandum of 11-29-66 that the then acting Director of the Surveys and Investigations Staff be promoted from Grade GS 14 to Grade GS 15. This practice has been followed since that date and should continue with Mr. Robert G. Kunkel being placed in Grade GS 15 when he assumes the position of Director of the Staff on 5-1-68.

It is necessary to designate a new Second Assistant Director and it is recommended that SA Cornelius R. Anderson be so designated. Both Mr. Hayes and Mr. Kunkel feel this designation is proper. SA Anderson has

been on loan on special assignment to the Surveys and Investigations Staff since 1-16-67. Prior to his present assignment, SA Anderson served as a Supervisor in the Administrative Division, first serving there from 2-2-60 until 2-24-64 when he reported as a Permanent Inspector's Aide in the Inspection Division. He served in the Inspection Division until 4-2-65 when he was again assigned to the Administrative Division. He remained in the Administrative Division until reporting on special assignment on 1-16-67. He compiled an above-average record as a Supervisor. He was last seen by the Director on 9-29-59 and the Director advised Anderson made an excellent personal appearance and he had an exceptionally excellent record. The Director thought he had very definite possibilities for advancement to greater responsibilities and should be considered at an early date for the same. Since serving on the Surveys and Investigations Staff, SA Anderson has served as an over-all coordinator in some of the Staff's large and complicated studies. He entered on duty 1-3-56, is in Grade GS 14, \$17,953, 41 years of age, married with three children, has a Bachelor of Science degree and was born in Missouri. He was rated Excellent in his latest annual performance rating 3-31-67 with comments he had outstanding qualifications for administrative advancement.

In accordance with previous practice calling for the Director and the two Assistant Directors on the Surveys and Investigations Staff to be removed from the rolls of the Bureau while assigned to the HAC Staff, SA Anderson should be removed from the Bureau rolls as of 5-1-68.

Chairman George H. Mahon will be advised of these changes by appropriate letter after he contacts the Director.

RECOMMENDATIONS:

(1) That Mr. Robert G. Kunkel be designated to serve as Director of the Surveys and Investigations Staff of the House Appropriations Committee effective 5-1-68. At that time he should also be placed in Grade GS 15.

(2) That Mr. Paul J. Mohr be designated to serve as First Assistant Director of the Surveys and Investigations Staff of the House Appropriations Committee effective 5-1-68.

[illegible]

In connection with your telephone call, I am happy to advise you that [redacted] had been designated to serve as a replacement for Mr. Frank J. Mohr. [redacted] will serve as Second Assistant Director of the Bureau and Investigations Staff. His name is being removed from one roll for assignment to this Staff as of May 1, 1953.

[redacted] first reported to the Bureau and Investigations Staff on January 10, 1957, and has been on loan with the Staff since that date. He has served as a Special Agent of this Bureau since January 3, 1956. He is 41 years old, married with three children and has a Bachelor of Science degree. [redacted] has served for a number of years as Supervisor on this Bureau's headquarters staff.

In accordance with previous practice, [redacted] is being relieved of his duties as Director of the Staff and he will report to this Bureau on May 1, 1933. Mr. Robert C. Munkel will replace him as Director. Mr. Munkel has been serving as First Assistant Director during the past year.

It gives me pleasure to take this action, and I certainly hope you will feel free to call on me on any future occasion when I can be of assistance.

Mr. Robert G. Kunkel, Director of the Surveys and Investigations Staff, House Appropriations Committee, is due to return to the Bureau's rolls on 5/1/69 following his service as Director for one year. He can be utilized as an Inspector in the Inspection Division, and it is, therefore, being recommended that SA Kunkel be designated to serve in trial assignment as an Inspector at no change in grade or salary on his return to the Bureau's rolls on 5/1/69.

Mr. Kunkel entered on duty as a Special Agent (A) 7/11/49, is in GS-15, \$21,757, 44 years old, married with two children, has a BCS degree and was born in Indiana. Mr. Kunkel previously served as a Supervisor in the General Investigative Division in 1955 and 1956 and then had Assistant Legal Attache experience from 1957 to 1959 in Tokyo, Japan. He was assigned to the Accounting and Fraud Section of the General Investigative Division, arriving 9/23/62. He served as an Inspector's Aide in the Inspection Division from 3/11/64 until 4/5/65 when he was reassigned to the Accounting and Fraud Section. Kunkel's record has been above average. Since his latest arrival at the Seat of Government in 1962 he has not been censured and has been commended three times. He was last seen by the Director on 4/20/66 and the Director stated he made an excellent personal appearance and the Director rated him above average.

RECOMMENDATION:

That Mr. Robert G. Kunkel be designated to serve a trial assignment as an Inspector in the Inspection Division at no change in grade or salary effective 5/1/69 upon his return to the Bureau's rolls following his assignment as Director of the Surveys and Investigations Staff of the House Appropriations Committee.

**CHANGES IN SURVEYS AND INVESTIGATIONS STAFF
HOUSE APPROPRIATIONS COMMITTEE
TO BE EFFECTIVE MAY 1, 1969**

[redacted] Clerk of the Clerical and Professional Staff, House Appropriations Committee, advised Mr. Robert G. Kunkel, Director of the Surveys and Investigations Staff of that Committee, that the Honorable George H. Mahon, Chairman, House Appropriations Committee, would be contacting the Director in the near future to request consideration be given in replacing the Director of the Surveys and Investigations Staff and in making other appropriate moves which are made each year to be effective on May 1. You will recall in the past the Director of the Surveys and Investigations Staff has returned to the Bureau rolls, the First Assistant Director has moved up to the position of Director, the Second Assistant Director to the position of First Assistant Director and a new Second Assistant Director has been designated. Mr. Robert G. Kunkel has been serving as Director of the Surveys and Investigations Staff since 5/1/68. By separate memorandum it is being recommended that following his return to the Bureau's rolls on 5/1/69 he be assigned to the Inspection Division to perform duties as an Inspector. He will be returning in Grade GS-15.

The First Assistant Director of the Staff is Paul J. Mohr, and the Second Assistant Director is Cornelius R. Anderson. Under established procedure, Mr. Mohr should now move up to serve as Director of the Staff and Mr. Anderson to serve as First Assistant Director. Mr. Kunkel advises that both Mohr and Anderson have performed in an excellent fashion and he feels that they can handle their new duties very effectively. It was previously approved in memo of 11/29/66 that the then acting Director of the Surveys and Investigations Staff should be promoted from Grade GS-14 to Grade GS-15. This practice has been followed since that date and should continue with Mr. Mohr being placed in Grade GS-15, when he assumes the position of Director of the Staff on 5/1/69.

It is necessary to designate a new Second Assistant Director, and it is recommended that SA(A) [redacted] be so designated. Both

MEMO HYDE TO MOHR
Changes in Surveys and Investigations Staff
House Appropriations Committee
to be Effective May 1, 1969

Mr. Kunkel and Mr. Mohr feel that this is a proper designation. SA(A) Kirkpatrick has been on loan on special assignment to the Surveys and Investigations Staff since 7/1/68. Prior to his present assignment he served as a Supervisor in the General Investigative Division from 11/4/61 until 5/23/67 when he commenced duties as a Permanent Inspector's Aide in the Inspection Division. He continued as a Permanent Inspector's Aide until 6/3/68 when he returned to handle supervisory duties in the General Investigative Division. Assistant Director Felt advised that he was a particularly effective Inspector's Aide and his record as a Supervisor in the General Investigative Division has been above average. He has been commended on a number of occasions and has not been censured since 1963, and this was for an error in correspondence. He was last seen by the Director on 8/30/60 at which time the Director stated he made a substantial personal appearance and rated him above average. He was rated Excellent in his transfer performance rating of 5/31/68. He entered on duty 3/3/51, is in GS-14, \$19,206, 43 years old, married with three children, has a B.S. degree and was born in Mississippi.

In accordance with previous practice calling for the Director and two Assistant Directors on the Surveys and Investigations Staff to be removed from the rolls of the Bureau while so assigned, SA (A) Kirkpatrick should be removed from the Bureau's rolls as of 5/1/69.

Chairman George H. Mahon will be advised of the above changes by appropriate letter after he contacts the Director.

RECOMMENDATIONS:

1. That Mr. Paul J. Mohr be designated to serve as Director of the Surveys and Investigations Staff of the House Appropriations Committee effective 5/1/69. At that time he should also be placed in Grade GS-15.

2. That [] be designated to serve as First Assistant Director of the Surveys and Investigations Staff of the House Appropriations Committee effective 5/1/69.

3. That SA(A) [REDACTED] be designated to serve as Second Assistant Director to Surveys and Investigations Staff of the House Appropriations Committee effective 5/1/69. In this connection, SA Kirkpatrick's name should be removed from the rolls of the Bureau for assignment to the Surveys and Investigations Staff as of 5/1/69.

4. That Mr. Robert G. Kunkel be reinstated in Grade GS-15 following his return to the Bureau's rolls on 5/1/69.

Personnel Detailed To Work Outside The Bureau

I returned an earlier call from Honorable George H. Mahon (D. - Texas), Chairman of the House Appropriations Committee. He said that as I know, they have a man from my department, Robert G. Kunkel, who is completing his three-year term with them and they have been very much pleased with him. He said they have had a lot of activity in recent months and he thought they have done an excellent job and my men have been real good. I told him I was glad we were able to be of assistance. Mr. Mahon continued that they were accused of having the FBI investigate hunger at one time, but this was because of a misinterpretation of what was being done and now in view of the fact they are approaching a change of time, he wanted to alert my people that they are in need of somebody to step into the place of the third man, so if I would have a good hard look and try to keep up the quality of these fellows as in the past, he would appreciate it.

b6
b7c

I told the Congressman I would personally handle it and see that the best man is sent to him to take the place of the third man and we would move Paul J. Mohr up to the top man. The Congressman said he was entitled to it and they were pleased with him. I told the Congressman I would take care of it right away.

Mr. Mohr was advised and is taking care of this.

Very truly yours,

J. E. H. REG-13c

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C. 20535

Dear Sir:

In accepting an appointment to a position in the Federal Bureau of Investigation, United States Department of Justice, I hereby agree that I will be governed by the following provisions:

1. That my retention in the Bureau will be contingent upon the performance of satisfactory services.
2. That the strictly confidential character of any and all information secured by me or coming to my attention in connection, directly or indirectly, with my work as an employee of this Bureau, or the work of other employees of which I may become cognizant, is fully understood by me; and that neither during my tenure of service with the Federal Bureau of Investigation, nor at any time, will I violate this confidence nor will I divulge any information of any kind or character whatsoever that may become known to me to persons not officially entitled thereto, recognizing applicability to me of penalty provisions in case of any violation by me.
3. That information referred to in Item 2 above includes but is by no means limited to information in the interests of the defense of the United States marked "Top Secret," "Secret," or "Confidential," and that Department of Justice regulations provide specifically for penalty applicable to me for any violation of Executive Order 10501, the basic authority for safeguarding such information, as follows: "Any officer or employee who violates any provision of Executive Order No. 10501, as amended, or of these regulations shall be subject to appropriate disciplinary action. Prompt and stringent administrative action shall be taken against any officer or employee determined to have been knowingly responsible for any release or disclosure of classified defense information or material except in the manner authorized by these regulations. Whenever a violation of criminal statutes may be involved in a deliberate unauthorized release or disclosure of classified defense information, criminal prosecution, in an appropriate case, shall also be instituted."

I further certify that the conditions specified herein are agreeable to me, and that I am entering on duty as an employee of the Federal Bureau of Investigation with a full knowledge of the conditions above set forth.

Very truly yours,

THE FBI PLEDGE FOR LAW ENFORCEMENT OFFICERS

Humbly recognizing the responsibilities entrusted to me, I do vow that I shall always consider the high calling of law enforcement to be an honorable profession, the duties of which are recognized by me as both an art and a science. I recognize fully my responsibilities to defend the right, to protect the weak, to aid the distressed, and to uphold the law in public duty and in private living. I accept the obligation in connection with my assignments to report facts and to testify without bias or display of emotion, and to consider the information, coming to my knowledge by virtue of my position as a sacred trust, to be used solely for official purposes. To the responsibilities entrusted to me of seeking to prevent crime, of finding the facts of law violations and of apprehending fugitives and criminals, I shall give my loyal and faithful attention and shall always be equally alert in striving to acquit the innocent and to convict the guilty. In the performance of my duties and assignments, I shall not engage in unlawful and unethical practices but shall perform the functions of my office without fear, without favor, and without prejudice. At no time shall I disclose to an unauthorized person any fact, testimony, or information in any pending matter coming to my official knowledge which may be calculated to prejudice the minds of existing or prospective judicial bodies either to favor or to disfavor any person or issue. While occupying the status of a law enforcement officer or at any other time subsequent thereto, I shall not seek to benefit personally because of my knowledge of any confidential matter which has come to my attention. I am aware of the serious responsibilities of my office and in the performance of my duties I shall, as a minister, seek to supply comfort, advice and aid to those who may be in need of such benefits; as a soldier, I shall wage vigorous warfare against the enemies of my country, of its laws, and of its principles; and as a physician, I shall seek to eliminate the criminal parasite which preys upon our social order and to strengthen the lawful processes of our body politic. I shall strive to be both a teacher and a pupil in the art and science of law enforcement. As a lawyer, I shall acquire due knowledge of the laws of my domain and seek to preserve and maintain the majesty and dignity of the law; as a scientist, it will be my endeavor to learn all pertinent truth about accusations and complaints which come to my lawful knowledge; as an artist, I shall seek to use my skill for the purpose of making each assignment a masterpiece; as a neighbor, I shall bear an attitude of true friendship and courteous respect to all citizens; and as an officer, I shall always be loyal to my duty, my organization, and my country. I will support and defend the Constitution of the United States against all enemies, foreign and domestic; I will bear true faith and allegiance to the same, and will constantly strive to cooperate with and promote cooperation between all regularly constituted law enforcement agencies and officers in the performance of duties of mutual interest and obligation.

SUBJECT: SAA ROBERT G. KUNKEL

Inspection Division (Trial Assignment as an Inspector)
EOD 6-29-42 Clerk-Typist; 3-30-43 to 3-8-46 Military Leave;
EOD 7-11-49 SAA; Removed from Rolls 4-30-66; Returned to
Duty 5-1-69
GS-15, \$21,757
RESTORATION OF PREMIUM OVERTIME PAY

SA Kunkel was reinstated on 5-1-69 following a special assignment with the House Appropriations Committee as Director of Surveys and Investigations.

Prior to being separated from the Bureau's rolls for this special assignment, he had qualified for and was receiving premium overtime pay. His premium pay was terminated at the time he left the Bureau's rolls 4-30-66 for special assignment with the House Appropriations Committee. In view of his reinstatement on the Bureau's rolls, he should now be restored to premium pay effective the first pay period following his reinstatement, which would be the pay period beginning 5-4-69. This is in accordance with the procedure we have followed in similar cases where Agents were reinstated following special assignments with the House Appropriations Committee.

RECOMMENDATION:

That SA Kunkel be restored to premium overtime pay effective with the pay period beginning 5-4-69.

STANDARD FORM No. 176-T
JANUARY 1968
(For use only until April 14, 1968)
176-101

INSTRUCTIONS TO EMPLOYING AGENCY

1. **Who must file.**—All employees not excluded by law or regulation from insurance coverage, including those who have previously waived coverage, are required to complete and file Standard Form 176-T. Employees who are in the service on February 14, 1968, as well as those who are appointed after that date but before April 14, 1968, must file the form.
2. **Automatic cancellation of previously filed waivers.**—All "Waivers of Life Insurance Coverage" (SF 53) on file are automatically canceled as of the first day of the first pay period beginning on or after February 14, 1968. Payroll offices are to begin regular insurance deductions on the automatic cancellation date for employees who do not file a new waiver, i.e., those who do not check box C of SF 176-T, on or before that date.
3. **Employees failing to file.**—If an employee does not return a completed SF 176-T, contact him and urge him to do so even if he does not want optional insurance (he will, of course, be automatically covered for regular insurance). If he still fails to file SF 176-T by April 14, 1968, or 31 days after appointment, whichever is later, file one for him as of that date: mark box B, and note in the space provided for his signature "employee contacted—failed to elect optional insurance." See note 2 below.
4. **Review of completed forms.**—(a) Review both copies of the SF 176-T for legibility, completeness, and consistency. Reconcile with the employee any obvious major

discrepancy such as a mark in more than one box.
(b) If the employee marked box A or box C, make sure the Statistical Stub is complete. Then detach and mail stubs, in a bundle, weekly to:

Office of Federal Employees' Group Life Insurance
(Statistical Study)
4 East 24th Street
New York, New York 10010

- (c) If the employee marked box B, detach and destroy the stub.
5. **Date of receipt and effective date.**—(a) Stamp date of receipt by employing office in the space provided for this purpose on both the Original and the Duplicate.
(b) The effective date is determined from the table below.
 6. **Disposition of forms.**—(a) File the Original SF 176-T in the official personnel folder in all cases.
(b) Any necessary payroll change, with effective date, may be posted in the space reserved on the Duplicate for employing office.
(c) The Duplicate may be destroyed, if no payroll action is required, or after the requirements of the agency's payroll system have been met.
 7. **Use of SF 176-T.**—SF 176-T "Election, Declination, or Waiver of Life Insurance Coverage" should not be used after the initial filing period (after April 14, 1968). A revised edition will be available for use after that date.

TABLE OF EFFECTIVE DATES

DATE SF 176-T RECEIVED BY EMPLOYING OFFICE	EMPLOYEE'S DECISION	EFFECTIVE DATE (IF NO WAIVER, SF 53, IN EFFECT)	
		OF DECISION	OF DEDUCTIONS
On or before February 14, 1968.	Elects optional (in addition to regular) (box A).	Coverage effective February 14, 1968.	Deductions begin 1st day of 1st pay period beginning on or after February 14, 1968.
	Declines optional (but not regular) (box B).	Declination effective February 14, 1968.	
	Waives regular (so ineligible for optional) (box C).	Waiver effective last day of pay period in which February 14, 1968 falls.	Deductions stop last day of pay period in which February 14, 1968 falls.
After February 14 but not later than April 14, 1968.	Elects optional (in addition to regular) (box A).	Coverage effective on date of receipt.	Deductions begin 1st day of 1st pay period beginning on or after date of receipt.
	Declines optional (but not regular) (box B).	Declination effective on date of receipt, but employee loses automatic optional protection on February 14, 1968.	
	Cancels previously elected optional (but not regular) (box B).	Cancellation effective last day of pay period in which received.	Deductions for optional stop last day of pay period in which received.
	Waives regular (so ineligible for optional) (box C).	Waiver effective last day of pay period in which received.	Deductions stop last day of pay period in which received.

- NOTES: 1. Because regular insurance coverage and deductions are automatic unless waived (by checking box C), A and B elections do not affect regular insurance effective dates.
2. An employee for whom the agency files SF 176-T because he failed to file is deemed to have declined optional, but not regular, insurance.
3. An employee with an uncanceled waiver (SF 53) on file cannot be insured any earlier than the first day he is in duty and pay status in a pay period beginning on or after February 14, 1968; filing of an SF 176-T before that date will not cancel an SF 53 any earlier. Deductions begin the day he becomes insured.
4. The effective date of regular (and optional) insurance coverage for an employee who has been on leave without pay for more than 1 year is the first day he is in pay and duty status. Deductions are effective the same day.

**INFORMATION CONCERNING LAST FEDERAL EMPLOYMENT
(OTHER THAN NAVAL OR MILITARY)**

(This form should be executed by an appointee having prior service in the Federal Government or the Government of the District of Columbia)

Official Bureau Name Robert G. Kunkel	Current Date May 1, 1969
Agency by which last Employed & Complete Mailing Address House Appropriations Committee	Date Appointed May 1, 1966
	Date Separated April 30, 1969

STATEMENT CONCERNING ENROLLMENT UNDER THE FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

If you entered on duty in the Bureau from your previous employment, without a break in service of more than 3 calendar days your enrollment (whether you enrolled in a plan or elected not to enroll) under the Federal Employees Health Benefits Program must continue without change.

☒ I hereby certify that I was enrolled in the SAMBA Health Benefit Plan, _____ Option, Enrollment Code # _____ at the other Government agency. My copy of SF-2810, "Notice of Change in Health Benefits Enrollment" executed by the other Government agency ☐ is ☐ is not attached.

☐ I elected not to enroll in a health benefit plan at the other Government agency.

☐ I was not eligible to enroll at the other Government agency as I had a temporary appointment limited to a year or less.

STATEMENT OF ELIGIBILITY FOR FEDERAL EMPLOYEES' GROUP LIFE INSURANCE

1. If your last period of Federal employment ended **AFTER** February 14, 1968, your Official Personnel Folder, which Bureau will secure from the other agency, should contain an "Election, Declination, or Waiver of Life Insurance Coverage" (SF 176 or SF 176T). Your insurance status in your FBI employment will be in accordance with this previous election, declination, or waiver. Therefore, check the following block(s) applicable to you only if your previous employment ended after February 14, 1968.

☒ I hereby certify that I have the following coverage under the Federal Employees' Group Life Insurance Program in connection with my former employment:

☒ Optional and Regular Insurance

☐ Regular Insurance **ONLY**

☐ I hereby certify that I waived coverage under the Federal Employees' Group Life Insurance Program in connection with my former employment.

☐ I hereby certify that one year has elapsed since date of waiver and I now desire life insurance coverage. I am under 50 years of age and understand a physical examination must be taken at my personal expense. (If this block is executed you will be furnished an SF 51, "Request for Insurance", upon receipt of your Official Personnel Folder from your last employing agency and verification of your eligibility to have insurance coverage.)

2. If your last period of Federal employment ended **PRIOR** to February 14, 1968, you will not have an election form (SF 176 or SF 176T) on file and you are now required to file one.
3. If you are insured and now desire to change your insurance coverage, you are required to complete a new form by marking the appropriate box as follows:
- (1) Mark **box B** on SF 176 if you desire to discontinue the optional insurance coverage and continue regular insurance coverage.
 - (2) Mark **box C** if you desire to discontinue your insurance coverage altogether.

Federal Bureau of Investigation
Washington, D. C. 20535

Dear Mr. Hoover:

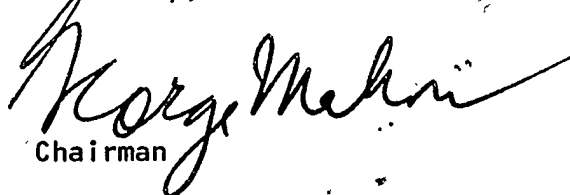

As you know, Mr. Robert G. Kunkel completed his assignment as Director of the Surveys and Investigations Staff of this Committee and has returned to duty with the Federal Bureau of Investigation.

Mr. Kunkel, during his tenure with the Staff, performed his duties in an outstanding manner. I should like to take this opportunity to commend him for his imaginative leadership and ability in directing the Staff during the past year. Mr. Kunkel was extremely competent and enthusiastic and his exemplary performance and initiative resulted in major contributions to the work of the Committee.

It was indeed gratifying to the Members of the Committee and to myself to have had Mr. Kunkel serve on the Staff. I want to express to you the appreciation of both the Committee and myself for having made available an individual of Mr. Kunkel's caliber.

With kindest personal regards,

Sincerely,

Chairman

George Mahon

INSPECTION AUDITS

Inspector Trainee Robert G. Kunkel who has been away from Bureau procedures and techniques for approximately four years during assignment to the Surveys and Investigations Staff of the House Appropriations Committee was designated to serve as Number One Man in the Detroit inspection conducted by Inspector Walters in May, 1969, and also as my Number One Man in the inspection of the San Francisco Office just completed. An opportunity was thereby provided to afford guidance to him in inspection procedures and to audit the manner in which he adapted himself to the work. His specific assignments were double checked by both Inspector [] and myself on these two inspections and it was determined that he is handling himself in a highly satisfactory manner, conducts himself circumspectly, addresses himself to inspection assignments in a thorough and meticulous fashion and represents the Bureau in a fine fashion.

These two inspections also afforded [] and myself means of spot auditing files behind a substantial representation of the Permanent Inspector's Aides now assigned to the Division. No instances were found in either inspection of serious oversights missed. Instances were found wherein types of form errors more difficult to detect had been overlooked and these were called to the attention of the Aides with reminders to be more alert in the future.

SUBJECT: SAA ROBERT G. KUNKEL
Inspection Division (Trial Assignment as an Inspector)
EOD 6-29-42 Clerk-Typist; 3-30-43 to 3-8-46 Military Leave;
EOD 7-11-49 SAA; Removed from Rolls 4-30-66; Returned to
Duty 5-1-69; GS-15, \$21,757

SAA Kunkel reported to the Inspection Division on 5-1-69 on trial assignment as an Inspector upon completion of his assignment to the House Appropriations Committee. The following is a brief summary of his record for the Director's use.

He entered on duty 6-29-42 as a Clerk-Typist and was on military leave from 3-30-43 to 3-8-46. He served as a Secretary-Reporter in the Director's Office from September, 1947 until his appointment as Special Agent on 7-11-49. On 8-16-65 he was temporarily assigned to the House Appropriations Committee and was removed from the rolls on 4-30-66. He had served as Director of the Surveys and Investigations Staff since 5-1-68. Mr. Kunkel previously served as a Supervisor in the General Investigative Division in 1955 and 1956 and then had Assistant Legal Attache experience from 1957 to 1959 in Tokyo, Japan. He was assigned to the Accounting and Fraud Section of the General Investigative Division, arriving 9-23-62. He served as an Inspector's Aide in the Inspection Division from 3-11-64 until 4-5-65 when he was reassigned to the Accounting and Fraud Section. He is in GS-15, \$21,757 per annum, 44 years of age, married and has two children.

Since his latest arrival at the Seat of Government in 1962 he has not been CENSURED and has been COMMENDED three times, the last being on 12-18-63 through Mr. Rosen for his assistance in handling the tremendous volume of work in the Criminal Section occasioned by the assassination of the President and the investigation of the Kidnaping case involving [redacted] and others. On his last performance rating, dated 3-31-66 he was rated EXCELLENT.

The Director last saw him on 4-20-66 and stated he made an excellent personal appearance and rated him above average.

Since 2-64 he has listed Dallas as his only office of preference and he stands #6 on the list for transfer.

MEMORANDUM FOR MR. TOLSON

On May 6, 1969, I saw Special Agent (A) Robert G. Kunkel, who had recently reported to the Inspection Division on trial assignment as an Inspector. Mr. Kunkel makes an excellent personal appearance, and I would rate him above average. I think this Agent has the potential for advancement in the Bureau's service.

Very truly yours,

J. E. H.

DATE: August 1, 1969

FROM : W. M. FELT

SUBJECT: ROBERT G. KUNKEL
SPECIAL AGENT (A) (INSPECTOR TRAINEE)
INSPECTION DIVISION
EOD 6/29/42 Clerk-Typist; 3/30/43 to 3/8/46 Military Leave;
EOD 7/11/49 SAA; Removed from Rolls 4/30/66; Returned to
Duty 5/1/69; GS-15 @ \$21,757

The purpose of this memorandum is to recommend that Mr. Kunkel be designated as an Inspector at no change in grade or salary.

Mr. Kunkel reported to the Inspection Division for an assignment as an Inspector Trainee on 5/1/69. Prior to that time he served as Director of the Investigative Staff, House Appropriations Committee, where his services were very highly regarded.

Since his assignment to the Division, Kunkel has had extensive inspection experience. He has served as Inspector in Charge on two inspections and is presently conducting an inspection of the Baltimore Office. Mr. Kunkel has above-average intelligence, is conscientious and diligent. He is quick to grasp inspection procedures and his inspection surveys are penetrative and thorough. His progress is above average.

The attached 90-day performance rating for Mr. Kunkel reflects that his services are excellent. Inasmuch as he is on an inspection assignment he has not had an opportunity to initial this rating and this will be done on his return.

RECOMMENDATION:

That Mr. Kunkel be designated as an Inspector with no change in grade or salary.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee ROBERT G. KUNKEL

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

RATE ITEMS AS FOLLOWS:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

During the inspection of the San Diego Office (10/27 - 11/6/69) Inspector Robert G. Kunkel instituted a streamlining procedure involving the use of the Unnumbered Case System to facilitate the clerical handling of certain record check-type Deserter cases. The procedure resulted in saving clerical time and office supplies.

Based on the successful use of the system in San Diego, Inspector Kunkel was instrumental in instructing other offices having a volume of similar cases to conduct a survey and consider the adoption of the system in the event it was not already in use. Replies from these offices have been received, and six offices which had not previously considered the system have advised the adoption of the system will result in an estimated annual savings of \$7,386.

These, together with the savings effected in the San Diego Office total \$9,136 and facilitate the clerical handling of a total of 19,650 cases.

This system is of value only in those offices near large military installations. The system offers no significant benefits in other offices where this type of record check is not done.

RECOMMENDATION:

That Inspector Kunkel be commended for his alertness in effecting substantial savings in 7 offices through the institution of the unnumbered case system. If approved, to be handled by the Administrative Division.

Dear Mr. Kunkel:

Thank you for the suggestion regarding the use of a particular type of guide card in the general indices of field offices as an aid in filing and searching in the indices. Consideration has been afforded this proposal and it has been decided the cost involved and the varying conditions which exist in our offices militate against its adoption.

I appreciate the interest and thoughtfulness you displayed in submitting your idea to me.

(5) (Suggestion 462-70 dated 1/12/70)

NOTE: Suggests field offices consider placing guide cards in general indices to preclude possibility of misfiling index cards. Guide cards would be placed in general indices for commonly used adjectives, such as alleged, allegation, attempt, attempted, possible, potential, suspect, unknown, and for numbers, which are used in conjunction with street addresses or serial numbers of office machines and guns. Similarly, where serial numbers are known, guide cards should be made for manufacturer of various types of office machines and guns to guide clerk to correct place in indices where index cards are filed numerically under general headings such as Office Machines, Guns, and Addresses. Guide cards should be on colored cards approximately 1/8 of an inch higher than regular index cards to permit referral to proper section of indices without having to review any index cards (examples attached).

DUPLICATE YELLOW

(NOTE Continued on Page 2)

Letter to Mr. Robert G. Kunkel

NOTE Continued:

Administrative Division advised The Shaw-Walker Company index system is used in most field offices and different widths and lengths of guide tabs are available. Guide cards are not available in larger sizes as proposed but only in standard sizes. Field offices have need for different types of breakdowns depending on section of country, nationalities of persons involved, etc. Tabs are used on index cards for dividers but larger cards not used. A higher card would make searching directly behind it more difficult. Any system adopted in an effort to provide more uniformity than we have at present would not be workable in all offices due to varying conditions. Offices may use breakdowns and guides as needed to make indices easier to search under present rules. In addition, prepositions, articles, conjunctions, adjectives, etc., should not be indexed but rather a substantive matter, such as "robbery." A searcher would normally not look under a word "alleged" since this could go with any substantive matter. Inspection Division has been recontacted and agrees cost involved and varying conditions do militate against adoption at this time. Training Division recommends idea not be approved.

Current practice or rule (Include manual citation as well as facts)

CARDS FOR UTILIZATION IN FIELD
GENERAL INDICES**

The suggestion would provide for a uniform indices filing system throughout the field, and assist in the elimination of errors when filing index cards relating to numbers, adverbs, and adjectives. However, it would appear that a standardized list of numbers, adverbs, and adjectives would have to be perfected and maintained on an up-to-date basis to provide the uniformity desired.

It would also appear that a smaller tabbed divider, similar to the breakdown guides presently in use for the handling of surname and common name cards, would make name searches less cumbersome.

In the event this suggestion is approved, consideration should be given to the requisitioning of an adequate supply of guide cards for Birmingham, Minneapolis, New Orleans, and Oklahoma City, which utilize 4 x 6 index cards.

The seminar was held 12/15 through 19/69. A list of the individuals who attended the seminar is attached. A copy of this memo has been designated for the personnel file of each attendee.

The subject matter of the seminar included basic fundamentals of Automatic Data Processing (ADP), a general survey of ADP applications and equipment, and actual experience in writing elementary computer programs with instructor assistance. It is believed that this course is of great benefit as Bureau personnel who have attended are better equipped to recognize the possibility, and evaluate the feasibility, of automating Bureau operations coming within their purview. The attendees have indicated that the seminar was very worthwhile and highly informative.

As you will recall we have been able to arrange with IBM several computer seminars for Bureau Supervisors. I have made tentative arrangements with [] IBM Marketing Representative assigned to our account, for such seminar to be conducted the week of 11/3/69.* It will be for a five-day duration. Approximately 15 individuals can attend the seminar.

It is suggested that approval be given for this seminar and that the individuals listed on the attached sheet be designated to attend. It is also suggested that the two alternates listed on sheet be designated to attend in the event it is not possible for one of the other individuals to attend.

There is no cost to the Bureau for this seminar.

Dear Mr. Kunkel:

I have received your suggestions concerning the use of a form as a floating serial in bank robbery cases and the procedures followed in initiating deserter cases. With respect to your first proposal, as you are aware, the same or similar ideas have been considered before and not adopted. It has been decided the disadvantages inherent in the use of such an item still exist and a solicitation of the field is not warranted. Your second suggestion has been referred to the appropriate division for evaluation and you will be further advised when a decision is made.

The interest you displayed in furnishing me with your observations in these matters is indeed appreciated.

(5) (Suggestions 223-70 and 226-70, both dated 10/21/69)

NOTE: 223-70 proposes a form for use as top or floating serial in file by all field offices to facilitate review and coordination of bank robbery cases. Notes Bureau policy as enunciated in SAC Letter 54-33 (E) precludes use of floating serials in any but informant files but feels policy should be reconsidered and views of 8 field offices solicited.

(Note continued on page 2)

DUPLICATE YELLOW

Letter to Mr. Robert G. Kunkel

NOTE: (Continued)

Training Division notes, as suggester is aware, similar ideas have been considered in past and not adopted. When aforementioned SAC Letter approved use of such forms for informant files, it also stated, "The Bureau has no intention of permitting the use of similar forms in any other files." In previous consideration it was pointed out that the Bureau does not approve of placing unserialized mail in files. The proposed practice could eventually lead to having more than one piece of mail on top of file and does not make for good records management. Further, proposed procedure would require removal and transfer of form if a new volume had to be opened. Unnecessary work would be involved in keeping form up to date and it would be duplicative in that the information is already in the file. The purpose of the form would be defeated if reliance were placed on accuracy of all items contained on it and some pertinent entry had not, in fact, been added to the form. In view of these shortcomings, Training Division recommends no field solicitation be made and current idea not be adopted.

226-70 proposes Bureau, in initiating a deserter investigation, not automatically send request for investigation to auxiliary office covering military installation from which subject was declared a deserter. This lead should be left to discretion of office of origin.

Referred to Special Investigative Division for views and recommendations.

SUGGESTION

To propose a form which could be used by all offices to facilitate the review and coordination of Bank Robbery cases by soliciting the views of 8 offices with the largest number of Bank Robbery cases for items to be included in the proposed form.

Current practice or rule (Include manual citation as well as facts)

See page 2.

Advantages of suggestion and annual savings (include basis for estimate)

While Bureau policy as set forth in SAC Letter 54-33 (E) precludes the use of a top or floating serial except in informant cases where pink sheets (FD237 and FD-238) are used, the need to provide a uniform method of recording the information warrants reconsideration of the policy in light of the importance of Bank Robbery matters. Suggestions for the adoption of a top serial for recording pertinent data in Bank Robbery cases have been made in the past by several offices, but none have been adopted based on the foregoing policy even though the Bank Robbery Unit of the General Investigative Division has been strongly in favor of it.

This matter has been coordinated with the Bank Robbery Unit (continued page 2)

Disadvantages of suggestion

None.

(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for any justified award only if my suggestion is adopted within two years after submission.)

Current Practice or rule

During a number of recent inspections, the Inspection Staff has observed a variety of different methods used by offices to coordinate basic information generally available in Bank Robbery cases. The methods have included recording the pertinent data on accounting spread sheets, 3" by 5" and 5" x 8" cards. The basic information includes whether latents were obtained, whether a demand note was used, whether the latents and demand note were submitted to the Identification Division, whether bait money obtained was included in NCIC, brief descriptions of subjects, whether a get-away car was used, weapons, disguises, and modus operandi, etc.

The reason for use of different methods of recording the information is the apparent need to record the basic information in a manner which is readily available to the Bank Robbery supervisor and/or coordinator for supervision, review, and comparison with other Bank Robberies within a division or regional area. A further need arises during inspections when the basic information is used for survey purposes. Generally, files on Bank Robbery cases become too voluminous within a short period of time to readily provide the needed information in succinct form.

Advantages of suggestion

of the General Investigative Division, which feels that 8 offices with the largest number of Bank Robbery cases should be solicited for views prior to further consideration.

SUGGESTION

That the Bureau, when initiating a Deserter investigation, not automatically send a request for investigation to the auxiliary office covering the military installation from which subject was declared a deserter. This type lead should be left to discretion of the office of origin because (1) in excess of 50% of Deserter cases are resolved within first 60 days of investigation; (2) during 2 inspections, 7 Agents handling Deserter leads at Fort Bragg, North Carolina, and Fort Lewis, Washington, were uniformly pdled and they advised worthwhile information that would lead to the apprehension of the deserter is seldom developed by the auxiliary office covering the military installation; (3) in Army Deserter cases, the military installations are required to send the records of the Deserter to the Department of the Army, Washington, D. C., after 30 days from the date individual declared a Deserter.

Current practice or rule (Include manual citation as well as facts)

See attached survey of Deserter Cases conducted in Seattle Office.

Advantages of suggestion and annual savings (include basis for estimate)

See attached survey of Deserter cases conducted in Seattle Office which disclosed an annual savings of \$10,884.90 would accrue to Seattle Office. If this savings were extrapolated to the approximately 29,000 Deserter cases received in Fiscal Year 1969, the savings to the field would be approximately \$194,840.85 ($\$2,552.40 \times 29 = \$74,019.60$ and $\$3,332.50 \times 14 \frac{1}{2} = \$120,821.25$).

Disadvantages of suggestion

A point in favor of the present system is the fact that in some cases the early contact with the military installation results in developing information that the subject is back under military control. The resulting early notification to other offices obviously saves investigative time. However, this would be resolved with utilization of NCIC by military authorities.

(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for any justified award only if my suggestion is adopted within two years after submission.)

DESERTER CASE SURVEY
SEATTLE OFFICE

For the 12-month period, September 1968 through August 1969, the Seattle Office opened 2,833 deserter cases. 688 were Seattle origin cases and 2,145 were other office origin cases. A total of 1,933 of the 2,833 cases involved investigation at Fort Lewis, Washington, the military installation from which the individuals involved were declared Deserters. 1,000 of the cases at Fort Lewis were closed or RUC'd within 60 days without any investigation conducted by the Seattle Office contributing to the apprehension of the subject for one of the following reasons:

1. FD-220 received from another office.
2. DD Form 616 (Army) received from the Bureau indicating subject was back in military control.

If the Bureau had not automatically sent these cases to the Seattle Division, but had either delayed the Fort Lewis investigation for 60 days or left it up to the office of origin to determine if leads were necessary at Fort Lewis, all clerical and Agent time expended on these cases by the Seattle Office could have been saved. Thus, the Seattle Office had 1,000 cases in the above-mentioned category, that had to be processed through all of the following steps:

1. Searched by indices clerk.
2. Reviewed by supervisor and assigned to Agent.
3. Preparation of file and folder, assignment cards, indices cards, serials charged out and routed to Agent.
4. Reviewed by case Agent.
5. Closing communication reviewed by supervisor and routed to case Agent.
6. File closed and assignment cards marked and appropriate copies destroyed or filed.
7. Serials routed back to file and re-filed therein.

The above steps would be required in each case even if no investigation was conducted. In cases where the Agent did conduct investigation prior to closing, there would be added his investigative and dictation time and the stenographer's transcription time.

RGE:

ESTIMATED SAVINGS

The estimated savings in wages for clerical and agent personnel which would have been achieved if the above-mentioned 1,000 cases had not been handled is set forth below:

1. Indices clerk based upon GS-3 salary of \$2.36 per hour and average of 2" per case for 1,000 cases	\$ 78.59	
2. Review by supervisor based upon GS-14 salary including fringe of \$10.14 per hour and average of 3" per case for 1,000 cases	\$507.00	✓
3. Preparation of file and folder, assignment cards, indices cards, serials charged out and routed to agent based upon GS-4 clerk salary of \$2.65 per hour and average of 10" per case for 1,000 cases	\$441.49	
4. Review by case agent based upon GS-12 salary and fringe of \$7.67 per hour and average of 5" per case for 1,000 cases	\$638.91	
5. Closing communication reviewed by supervisor and routed to case agent based upon GS-14 salary including fringe of \$10.14 per hour and average of 4" per case for 1,000 cases	\$675.32	✓
6. File closed and assignment cards marked and appropriate copies destroyed or filed based upon GS-4 clerk salary of \$2.65 per hour and average of 3" per case for 1,000 cases	\$132.50	
7. Serials routed back to file and re-filed based upon GS-3 clerk salary of \$2.36 per hour and average of 2" per case for 1,000 cases	<u>\$ 78.59</u>	
Subtotal		\$ 2,552.40

The above savings would be accomplished even if no investigation was conducted in these 1,000 cases. Estimating that 50% of these 1,000 cases would have included investigation by the agent, the following savings would have been accomplished:

Investigation and dictation
by agent based upon GS-12
salary of \$7.67 per hour and
average of 2' per case for

\$ 7,670.00

PERSONAL

Mr. Robert G. Kunkel
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Kunkel:

I am indeed pleased to commend you for your alertness and ingenuity during a recent inspection in instituting a procedure involving the use of the Unnumbered Case System to facilitate the clerical handling of certain record check-type Deserter cases.

This new method has contributed materially to the streamlining of our operations in this area and will result in a large annual saving. Your excellent efforts in this regard are appreciated.

Sincerely yours,

J. Edgar Hoover

By separate memo it has been recommended that SAC Robert G. Jensen of the Memphis Office be transferred to serve as SAC in the Buffalo Office, and it is necessary to replace him. The purpose of this memo is to recommend that Inspector Robert G. Kunkel of the Inspection Division be transferred to serve as SAC in the Memphis Office.

Inspector Kunkel entered on duty as a Special Agent (A) 7/11/49, is in Grade GS-15, \$25,174, 45 years old, married with two children, has a B.C.S. degree and was born in Indiana. He has been assigned to inspection duties in the Inspection Division since 5/1/69. Immediately prior to that time he was attached to the Surveys and Investigations Staff of the House Appropriations Committee and served as Director of that Staff from 5/1/68 through 4/30/69. By letter 12/18/68 Chairman George Mahon of the House Appropriations Committee directed a letter to Inspector Kunkel expressing appreciation for his outstanding services to that Committee during the past year. Inspector [redacted] #1 Man in the Inspection Division, advises that Inspector Kunkel has handled his inspection duties in an above-average fashion. Inspector [redacted] described him as intelligent and alert. He was last seen by the Director on 5/6/69 and the Director stated he made an excellent personal appearance and the Director rated him above average. The Director thought that Kunkel had the potential for advancement in the Bureau's service. He has not been censured since serving as an Inspector and has been commended once, that by letter 2/27/70 for his alertness and ingenuity during a recent inspection in instituting a new procedure to assist in handling certain record check-type Deserter cases. Rated Excellent on last performance report.

As of 3/31/70 the Memphis Office had 1645 investigative matters pending with 65 agents assigned.

RECOMMENDATION:

That Inspector Robert G. Kunkel be transferred from the Inspection Division to serve as SAC in the Memphis Division at no change in grade or salary.

The Executives Conference recommended and the Director approved a proposal by the Inspection Division for modification in our procedures for the handling of Deserter Matters. This proposal, which becomes effective July 1, 1970, is expected to result in a saving in manpower for the full-time equivalent of 50 Agents, which will permit these Agents to be diverted to higher priority matters such as the New Left.

Inspector Kunkel was responsible for this idea. He conducted extensive inspection surveys in the field during regular inspections and was able to arrive at operational procedures which made his proposal completely feasible.

OBSERVATIONS:

This change in procedure has effected a very significant saving in manpower and it is felt recognition should be afforded Inspector Kunkel.

RECOMMENDATION:

That Inspector Kunkel be commended for the excellence of his proposal for effective streamlining of the handling of Deserter cases, which will result in the diversion of substantial Agent manpower to higher priority areas. If approved, to be handled by the Administrative Division.

MEMORANDUM FOR MR. TOLSON

Today I saw Inspector Robert G. Kunkel, who is under orders of transfer to Memphis as Special Agent in Charge. Mr. Kunkel makes an excellent and mature personal appearance.

I discussed with him generally the operations of a field office and the necessity for a firm but fair administration.

I noted that the Memphis Office had two classifications of cases in excess of 7% delinquency and this should be corrected.

I also commented upon the fact that I noted in April, the Agents in the Memphis Office closed 15.2 cases per Agent, which is below the average attained in March, and I hoped he could increase the number of cases closed per Agent per month.

I noted for the first ten months of the current fiscal year when compared with a similar period of the previous fiscal year, the Memphis Office dropped 2% in automobiles recovered and he should give this prompt attention.

I also noted that the Agents in the Memphis Office in April spent 7.5% of their time in the office and that the Security Squad spent 18.7% of their time in the office, which is excessive and should be reduced.

I stressed to Mr. Kunkel the value of informant coverage in all fields of our work, noting that the Memphis Office has 3 security informants, 9 racial informants in racial extremist organization, 97 ghetto informants, and 10 confidential racial sources, and 40 criminal informants, and the necessity for intensification of the development of top level informants.

shortage of personnel. I stated I wanted to emphasize the fact that I did not want any unnecessary overtime and whatever overtime was performed must be equitably shared by all or fringe benefits should be rescinded in those cases wherein the Agents are not able to equitably share the overtime.

In regard to the applicant recruitment program, I noted that in the last inspection of the Memphis Office, in July, 1969, the office was rated only Fair in that the Agent recruiting record was excellent, but the clerical recruiting was not satisfactory. I stressed to Mr. Kunkel that this program should be intensified.

I discussed with Mr. Kunkel the Criminal Intelligence Program noting that investigation has revealed limited organized criminal activity and that no hoodlums of national prominence reside within the Memphis territory nor have any members of La Cosa Nostra been identified as residing within the territory. I noted what racketeering activity occurs is primarily in the field of illegal liquor operations, prostitution, and gambling. I further noted that during fiscal years 1968 and 1969, the Memphis office reported one conviction each year in the antigambling field and for the first nine months of the current fiscal year, the office claimed one conviction. There are no prosecutions pending under the antigambling classification. I stressed to Mr. Kunkel that every effort should be made to intensify our top echelon coverage.

I also discussed with Mr. Kunkel the New Left; the racial situation, noting in the city of Memphis it is a highly volatile one; Klan and white hate type matters; and the black extremist activity.

I spoke to Mr. Kunkel about the fact I noted the Memphis Office had 15 bank robberies, 18 bank burglaries, and 1 bank larceny pending unsolved and every effort should be made to correct this.

**SPOT CHECKS DURING NEW YORK OFFICE INSPECTION
APRIL 23 - MAY 15, 1970**

During the inspection of the New York Office, which I conducted, audits and spot checks were conducted of Inspectors [redacted] Frederick C. Fehl; Robert G. Kunkel; [redacted] and [redacted] as well as of the 21 Aides who assisted in the inspection.

Inspector [redacted] functioned as Number One Man during the inspection. He is a careful, conscientious and highly effective Inspector (he has since been transferred to Buffalo as SAC). Inspector Fehl is a dedicated and capable Inspector who did an excellent job in handling the inspection of the Investigative Division of the New York Office. Inspector Kunkel handled the inspection of the Espionage Division and effectively demonstrated that he is aggressive, knowledgeable and dedicated (Kunkel has since been transferred to Memphis as SAC). Inspector [redacted] was responsible for the General Criminal Division. He is alert, aggressive, and has an excellent knowledge of Bureau procedures and policies and he is making excellent progress in the Inspection Division. Inspector [redacted] was responsible for the Internal Security Division. He is conscientious and knowledgeable.

I reviewed all of the paper work generated by these Inspectors and found it to be of uniformly excellent quality.

I also reviewed numerous files which had been previously reviewed by the Permanent Aides during the inspection. No serious oversights were detected. In some files form errors were noted but these were of the type more difficult to detect. These errors were called to the attention of the Aides with the instruction that they be more alert in the future. I am convinced that the Aides constructively performed their inspection assignments and I was impressed with the several thorough and penetrative surveys which were prepared.

At various times during the inspection I had conferences with Assistant Director Malone and with the five SACs assigned to New York. They all commented

Mr. Robert G. Kunkel
Federal Bureau of Investigation
Memphis, Tennessee

Dear Kunkel:

I wish to take this opportunity to extend to you my sincere congratulations on the occasion of your Twenty-fifth Anniversary with the FBI. It gives me great pleasure to present your Twenty-five -Year Service Award Key.

The history of the FBI has been a constant series of new and increasing challenges. Due to the hard work and personal sacrifices of our many associates, the Bureau today occupies a position of great respect and esteem in the field of law enforcement. Your interest in the work of the Bureau and the fine manner in which you have performed each added responsibility are noteworthy and it is indeed reassuring to know we have individuals such as you upon whom we can rely.

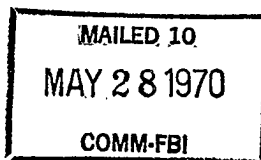

It is my hope that it will be our good fortune to have you add many more years to your splendid record in the FBI.

With best wishes and kindest regards,

Sincerely,
J. Edgar Hoover

Dear Mr. Kunkel:

I am very pleased to be able to commend you and the personnel of your division for the especially fine record realized in all four categories of accomplishments during the past fiscal year.

This is certainly a notable achievement and it can be attributed to the determined and effective fashion in which everyone discharged his individual responsibilities. I want to thank you for your services and ask that you convey my appreciation to those who assisted in making this noteworthy record possible.

Sincerely yours,

MEMORANDUM FOR MR. TOLSON
MR. MOHR
MR. CALLAHAN
MR. BISHOP

I called Special Agent in Charge Robert G. Kunkel of the Memphis Field Division. I told him the reason I was calling was because I would like to arrange, if he can do it, for him to be here in Washington tomorrow morning to confer with me. I said I want to name him as Agent in charge of the Washington Field Office as Mr. Tully is retiring. I asked Mr. Kunkel if he could arrange to be here, and Mr. Kunkel said he could.

I told Mr. Kunkel that what I will want to do is talk to him about certain matters in that office, which is one of the "big 5" -- New York, Chicago, San Francisco, Los Angeles, and Washington Field -- and, in addition, it has many complicated problems no other office has and I will want to talk to him about that. I told Mr. Kunkel I can see him at 9:30 tomorrow morning. Mr. Kunkel said he would be here. I told Mr. Kunkel I would like to arrange for him to immediately take over and then he can go back to Memphis and arrange to move his family and close up such personal matters as he may have and I will name in due course during the day the new Special Agent in Charge for Memphis, but he need not hold up his departure in coming here. Mr. Kunkel said he would be here.

Very truly yours,

J. E. H.

Dear Mr. Kunkel:

Your headquarters are changed for official reasons from **Memphis, Tennessee, to the Washington Field Office as Special Agent in Charge**, effective upon your arrival there on or after this date. Travel and transportation expenses and applicable allowances and benefits for you and your dependents incidental to this transfer as provided by the Administrative Expenses Act of 1946, as amended; Bureau of the Budget Circular Number A-56, dated October 12, 1966, and implementing regulations prescribed by this Bureau, shall be paid to you or on your behalf. However, before these expenses can be paid by the Government you must agree in writing (Bureau Form 3-34b) to remain with the FBI for one year following the first day you report for duty at the new station. If you are being transferred to a duty station outside the continental United States only the written agreement form, FD-382, need be executed. **Expedite transfer and advise within 48 hours departure and arrival dates.**

Mr. Robert G. Kunkel
Federal Bureau of Investigation
Memphis, Tennessee

Dear Mr. Kunkel:

Your headquarters are changed for official reasons from **Memphis, Tennessee, to the Washington Field Office as Special Agent in Charge**, effective upon your arrival there on or after this date. Travel and transportation expenses and applicable allowances and benefits for you and your dependents incidental to this transfer as provided by the Administrative Expenses Act of 1946, as amended; Bureau of the Budget Circular Number A-56, dated October 12, 1966, and implementing regulations prescribed by this Bureau, shall be paid to you or on your behalf. However, before these expenses can be paid by the Government you must agree in writing (Bureau Form 3-34b) to remain with the FBI for one year following the first day you report for duty at the new station. If you are being transferred to a duty station outside the continental United States only the written agreement form, FD-382, need be executed. **Expedite transfer and advise within 48 hours departure and arrival dates.**

Very truly yours,

John Edgar Hoover
Director

Dear Mr. Hoover:

In connection with my transfer from Memphis, Tenn.,
to the Washington Field Office, I agree to remain with the
service of the FBI for 12 months following the effective date of this
transfer. It is understood that the effective date of this transfer is the
day I report for duty at the new station. It is also understood that should
I violate this agreement I become obligated to refund to the Government
all costs incurred on my behalf for travel, transportation, and related
expenses as described in the Government Travel Regulations, unless
separated for reasons beyond my control and acceptable to the FBI.

Dear Mr. Hoover:

On November 18, 1970, I had occasion to meet with U. S. Circuit Judge Malcolm R. Wilkey on an official matter. Judge Wilkey was most outspoken in his admiration of you and stated he was highly pleased with your remarks which were reported in the press on November 17, 1970. He stated "there has been a need to publicly say these things for a long time."

Judge Wilkey has a novel way of having photographs framed on a wood panel, covered with plastic by a laminated process, through a firm in New York. The pictures that he has on display in his office have been prepared in this manner. He stated he was having your picture framed in a similar manner and that it would be placed alongside that of Justice Burger, which occupies the most prominent place in his reception room.

I thought you would be interested in the foregoing.

Sincerely,

SAC Robert G. Kunkel

Dear Mr. Hoover:

During a contact with Chief Justice Warren E. Burger on January 5, 1971, in connection with an Agent applicant investigation, he advised he intended to contact you within a few days regarding legislation (copy of House Rule attached), which was signed by the President on that date. He noted the legislation authorized each of the 11 federal circuit courts to hire an executive to take over from the chief judge the task of running the administrative and non-judicial operations of the court at an annual salary of \$36,000 per year.

He stated he would be favorably disposed to any recommendations you may make of Agents who are about to retire because he has always admired the administrative operations of the Bureau and felt Agents with 20 or more years of service would be ideally suited for the court position.

Justice Burger was assured his observations would be brought to your attention.

Sincerely,

Robert G. Kunkel

Dear Mr. Hoover:

I have just learned that Chief Judge Edward M. Curran, U. S. District Court for the District of Columbia, is planning to retire within the next sixty days. While the Judge has not made any formal announcement to this effect, the information was received from two reliable sources, namely, Donald S. Smith, Assistant U. S. Attorney, and [redacted] a clerk in the Chief Judge's office. According to these sources, District Judge John J. Sirica reportedly will become the Chief Judge. This office has excellent relations with Judge Sirica.

I thought you would want to know of the foregoing information.

Sincerely,

Robert G. Kunkel

Robert G. Kunkel

Enclosed is a letter to the Director from SAC Kunkel, Washington Field Office, in which Kunkel advises that an Agent of the Washington Field Office who performs applicant interviews at the Capitol informed him that Administrative Assistant to Senator Roman L. Hruska (R-Neb.), ranking Minority Member of the Full Committee on the Judiciary, offered to arrange to have inserted in the Congressional Record any material which the Bureau may wish to refute Senator McGovern's insertion in the Record on 2/1/71, regarding former SA . According to Kunkel, this Agent also reported that derogatory remarks were made of McGovern's attack on the Director by Senator Bob Dole (Kansas), Chairman, Republican National Committee; Don Shasteen, Executive Assistant to Senator Carl Curtis (R-Neb.); and Walter Mote, Administrative Assistant to the Vice President.

During the recent conference which I had with Carl Eardley, Deputy Assistant Attorney General, concerning the suit filed by he was most emphatic in pointing out that the Bureau should not become involved in any discussion outside of the Bureau pertaining to the matter now that he has brought his case to the courts. I therefore strongly urge that we do not avail ourselves of the assistance offered by 597093-287

RECOMMENDATION:

Senator George S. McGovern
United States Senate
Washington, D. C. 20510

Dear Sir:

Your continuing paranoiac crusade of vilification of Mr. Hoover and the FBI has finally brought me to writing this letter. I would normally ignore such unwarranted and unfounded criticism on the basis that it was an unthinking, emotional outburst from one who would eventually get his facts straight.

I find it incomprehensible that a United States Senator who has aspirations of becoming President of the United States would make criticisms, allegations and charges based not on any documentation but only on the word of a dissident former Special Agent and on an anonymous letter allegedly written on behalf of 10 FBI Agents. In effect, your actions are completely incongruous with the various actions with which you are charging Mr. Hoover. You are accepting and espousing statements which are both unprovable and untrue from alleged Agents of relatively little experience against a dedicated public servant of more than 45 years' service who has developed a law enforcement organization of unquestioned integrity. As an avowed "liberal" Senator, you are indicting both Mr. Hoover and the FBI in public without any background knowledge or investigation and yet I seem to recall raging criticism of others who engaged in the same tactics.

Having served in the FBI in many and varied capacities for over 25 years and being presently the Special Agent in Charge of the Washington Field Office, the statements made by the dissident former Special Agent and in the questionable anonymous letter are indeed ludicrous. I think I have a much better knowledge of the policies and operations of the FBI

7-10
8/7

than do a former Agent with a few years' service and these alleged young Special Agents. I seriously question whether any employer would attempt to hire a former Agent who never learned that loyalty is a prerequisite to any successful employee-employer relationship.

The comments in the anonymous letter claimed to be from 10 young Agents are so far from the truth that I sincerely believe a fraud has been perpetrated on you. But, even accepting the assumption that the anonymous letter was written by 10 Agents, their comments indicate their experience has been infinitesimal and they have not reached the maturity of judgment or experience where they are handling the many thousands of more complicated cases currently under investigation. It takes far more than "a few years in the FBI" to develop either the knowledge or capability necessary to fully understand the intricacies of law enforcement policies required by necessity. The FBI Agents in this office are trying to do the job with which they are charged and if there are statutes on the books, which, incidentally, were passed by Congress over the years that are not considered worthy of the FBI's time, then they should be changed by Congress; but until they are, the FBI has the responsibility to enforce these laws and it will do so to the utmost.

Let me conclude by stating that I am sincerely proud of my 25 years in the FBI and hope that I am physically able to continue for many years to come. FBI Director Hoover made the FBI the great organization it is today and I can only say that it makes me sick at heart when people like you use your position to degrade it by either perversion of the truth or by lack of interest in developing the truth.

Very truly yours,

Robert G. Kunkel

Dear Senator McGovern,

To dispel any possible misconception that adverse reaction to your unjustified criticism of the Director of the FBI may be confined to higher echelon officials in the FBI, the 10 undersigned Special Agents also condemn this apparently politically motivated attack on the Director, which was reportedly instigated by an internal matter involving an Agent and by an anonymous letter allegedly from 10 Agents. Our tenure of service in the FBI averages over 20 years of investigative work requiring daily contact with the public whose incalculable assistance in investigations may be directly attributed to its high esteem for the Director and the organization he has molded. Furthermore, most of the undersigned are eligible for retirement, thus giving ample evidence that ulterior or selfish motives of personal gain are not in any way associated with our decision to submit this letter.

Not only have you undeservedly maligned a man who has exemplified integrity and efficiency in Government service and law enforcement during his entire career, but you have done a grave disservice to the cause of law enforcement and to the law-abiding public in this country by your accusations. We cannot believe that you are against the enforcement of the laws enacted by the Congress of which you are a member or against the maintenance of discipline within the FBI which is essential to an organization that seeks the highest excellence in carrying out its responsibilities. As emphasized in the FBI under Director Hoover, effectiveness in law enforcement can be achieved only through discipline, dedication and devotion to duty. Therefore, the only conclusion we can draw is that you value publicity inherent in an attack on the Director and the FBI above any potential harm that may be done to the welfare of this country.

Very truly yours,

Dear Mr. Hoover:

I have just been informed by an Agent of information he learned from [redacted] Administrative Assistant to Senator Hubert H. Humphrey, on April 5, 1971. [redacted] advised he had accompanied the Senator to the Opening Baseball Game on that date and while occupying the Senator's box, they were joined by Congressman Hale Boggs. Boggs briefed the Senator on his remarks which he made on the floor of the House that morning concerning you, and he added in an aside that he "had placed another nail in Mr. Hoover's coffin." [redacted] made these remarks to the Agent while the Agent was waiting to interview the Senator on an applicant matter later on that date. When the Senator was interviewed, he appeared to expect to be interviewed regarding Boggs' statement and it took him in excess of five minutes to explain to the Agent that he did not know the applicant.

PERSONAL ATTENTION

Mr. Robert G. Kunkel
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Kunkel:

After reviewing the results of the recent inspection of the Washington Field Office, I have approved the following ratings for the various operations: Applicant Recruitment Matters and Contacts - Excellent; Physical Condition and Maintenance, Investigative Operations, Administrative Operations and Personnel Matters - Very Good.

Your office space was found to be well organized and maintained in the best possible manner despite the antiquity of the building. Security of all space must be stressed. The theft of six radio monitors from cars parked in garage space makes it mandatory that tighter security procedures, including locking of cars when not in use, be practiced. Emphasis should be placed on the operating and repair costs of your automotive fleet since they are above the field averages. Impress upon all personnel the need for safe and defensive driving in order that accidents can be eliminated.

The need for tighter supervision is highlighted by the fact that items which should have been filed were found in a desk by the Inspector.

A serious potential for racial violence continues to exist and could easily mushroom into additional troublesome confrontations. Immediately implement the Inspector's instructions to expand quality informant coverage.

You are down in two categories of statistical accomplishments thus far in Fiscal Year 1971, and this is of concern. You must vigorously follow the cases with conviction potential, and I expect you

Mr. Robert G. Kunkel

to take every possible step to insure you are ahead in all categories at the end of this fiscal year. The high solution rate in bank robbery matters is indeed encouraging; however, you must implement the Inspector's instructions to assist in the solution of the thirteen unsolved violations.

The Criminal Intelligence and Interstate Gambling Activities Programs were rated very good. The convictions obtained and the number of subjects awaiting prosecution indicate active programs. Continue to press for top-echelon informants.

Your Criminal Informant and Security Informant Programs were rated only very good. It is apparent that you have not sufficiently impressed upon your Agent personnel the urgent need for high-level informant coverage in all areas of the Bureau's investigative operations.

I feel strongly that member informants in every violence-oriented New Left, racial group and organization on the campus and off are the most effective way to insure complete discharge of our responsibilities in this critical area. You have no more important function than to accomplish this goal.

Missed civil rights and fugitive deadlines were above the field averages and this highlights the need for more careful attention to deadlines. The detection of seven substantive errors points up the need for closer supervision. Furthermore, the trend concerning destruction of channelizing memoranda that was found must be corrected promptly.

I was pleased to learn that your stenographic pool is handling its work on a current basis, but productivity should be increased. Closely follow the progress of the overweight employees in your office and impress upon them the absolute necessity to stay within weight limits.

Your fine record of applicant recruiting indicates you have the potential to contribute substantially to the Bureau's need for personnel. I must make it clear, however, that I want only the very highest quality applicants recommended for consideration.

Mr. Robert G. Kunkel

I was pleased with the Inspector's findings concerning your diversified and productive contact program.

You and the Assistant Special Agent in Charge should carefully review the results of the inspection findings and within thirty days of the receipt of this letter advise the Bureau of corrective action taken.

Sincerely yours,

**John Edgar Hoover
Director**

SUMMARY

Officials: Robert G. Kunkel, SAC since 7/28/70; Edward L. Campbell, Jr., ASAC since 4/13/69. Last inspection: 5/20 - 6/5/70.

Physical Condition and Maintenance - Very Good (Last Inspection - Very Good). Office located in historic Old Post Office Building -- space satisfactorily organized on several floors in building. SAC instructed to stress security in all space and to institute tighter security procedures at garage. During desk inspection one Agent's desk contained checks that should have been made exhibits in file (handled separately). No safety defects in all older cars inspected. Automotive repair and operating costs above field averages. Accidents increased from 11 to 13 with 3 employees responsible (one responsible last inspection). Economy, safe and defensive driving emphasized.

Investigative Operations - Very Good (Last Inspection - Very Good). Serious potential for racial violence continues to exist in areas of District. Handling of incidents in restrained manner by Metropolitan Police attributed to lessening of violence. Racial informants have increased, especially in ghetto category. Need for quality informant coverage stressed.

3/31/71 case load 7612 (7070 active), up from last inspection, 7237 (6779 active). Delinquency and case assignments per Agent consistently below average. Accomplishments for first 9 months Fiscal Year (FY) 1971 up substantially in fugitives located and automobiles recovered, but down 12% in convictions and down 60% in fines, savings and recoveries. Necessity for continued emphasis on accomplishments stressed. 7 substantive errors detected - approximating field average (handled separately). 78.1% of bank robbery violations occurring since last inspection solved - improvement over 73.3% last inspection. 13 violations remain unsolved. 44 bank robbery subjects convicted since last inspection. Instructed to closely follow pending prosecutions. Specific suggestions made by Inspector to assist in solutions. Criminal Intelligence and Interstate Gambling Activities Programs rated very good (18 convictions since last inspection- 26 subjects awaiting prosecution). Office advises no La Cosa Nostra in territory - organized gambling extensive. Need for top-echelon informants stressed. Criminal

Memorandum to Mr. Tolson
Re: Inspection - Washington Field Office

Informant and Security Informant Programs rated very good. Espionage and double agent matters receiving aggressive attention; however, need for obtaining defectors-in-place stressed. Instructed to intensify informant development among young activists in violence-prone New Left groups. Missed applicant deadlines above average; missed civil rights and fugitive deadlines above field averages.

Administrative Operations - Very Good (Last Inspection - Very Good). Washington Field is 18-desk office (including night supervisor) -- justified. During inspection 6 police radio monitors stolen from Bureau cars parked in contract garage (separately reported). Specific instructions to tighten security of Bureau vehicles issued. Chief Clerk's Office well organized and functioning efficiently. Misfiled index cards and form errors above field averages. Instructions to accelerate file destruction issued. Trend involving destruction of channelizing memoranda detected and ordered corrected. Stenographic production below average, retypes high. No delinquency reported. Over-time necessary, productive and equitably shared.

Personnel Matters - Very Good (Last Inspection - Very Good). Complement 3/19/71, 704 (427 Agents, 277 clerical - includes 8 approved vacancies to be filled) adequate, not excessive - SAC agrees. 12 Agents on limited duty - productive, retention justified. One Agent, 3 male clerks overweight. 3 clerks on probation - performance satisfactory. No Agents unavailable. Morale appears excellent.

Applicant Recruitment Matters - Excellent (Last Inspection - Very Good). Office recruited 21 Agents and 50 clerks since last inspection. Clerical quota was 12. Instructed to maintain even monthly flow of clerical applicants using quota system as minimum standard.

Contacts - Excellent (Last Inspection - Excellent). 24 SAC contacts (24 last inspection) furnish a variety of valuable services and information. Relations with radio and television media as well as most speeches handled by Seat of Government. Police training and National Academy programs effective. Cordial, effective relations exist with U. S. Attorney and other Federal and civic officials in District who expressed highest regard for Director and personnel of Washington Field Office.

RECOMMENDATIONS

1. SAC Robert G. Kunkel, GS-16 at \$30,005, aged 46, veteran, not on probation, at Washington Field since 7/28/70; second office as SAC. Makes excellent appearance; is businesslike, aggressive and knowledgeable of Bureau's work. Continue as SAC. Attached for approval is letter to SAC summarizing the inspection findings.

This is to consider SAC Kunkel for promotion to Grade GS 17.

SAC Kunkel has been SAC at the Washington Field Office since 7-28-70. This is our sixth largest office with 7276 pending cases, 418 agents (including 18 supervisors), and 267 clerical employees assigned as of 9-30-71. SAC Kunkel previously served as SAC in the Memphis Office. Since arriving at WFO he has not been censured and has been commended on one occasion with personnel of the office having been commended through him on 22 occasions.

WFO was last inspected in April, 1971, and was rated Very Good in Physical Condition and Maintenance, Investigative Operations, Administrative Operations, and Personnel Matters; and Excellent in Applicant Recruitment Matters and Contacts. At the end of Fiscal Year 1971, WFO was up in three categories of statistical accomplishments but down 60% in fines, savings and recoveries. As of the end of the first three months of Fiscal Year 1972 the office is up in all four categories; namely, +11% in convictions, +39% in fines, savings and recoveries, +14% in fugitives apprehended, and +27% in automobiles recovered.

In view of the fine manner in which SAC Kunkel has been handling the administration of the Washington Field Office, it is felt that he is deserving of promotion at this time.

RECOMMENDATION:

That SAC Robert G. Kunkel be promoted to Grade GS 17.

Dear Mr. Hoover:

I received a courtesy call today from George H. Boldt, Chief Judge, United States District Court, Seattle, Washington, who was recently appointed by the President to the Chairmanship of the Economic Stabilization Program Pay Board. The Judge requested his best regards be extended to you and indicated he merely wanted to establish liaison with the Washington Field Office in the event he required any official assistance in the future. He was assured that his reputation as a great friend of the Bureau had preceded him to Washington and that he should not hesitate to call on this office for any assistance that we might be able to render him in his official capacities.

Malmfeldt
Jean

Judge Boldt is a long-time admirer of you and the Bureau and has been a great friend of the Seattle Office for many years. He has of course presided over many important Bureau cases and is a personal friend of many of the employees of our Seattle Office. He is also a personal friend of Secretary of State William Rogers. Recently, the Bureau conducted a Special Inquiry for the White House in connection with his appointment.

In view of the prominent position that he will be occupying with the President's Economic Stabilization Program, I thought you would want to know of his contact with this office.

Sincerely,

Robert G. Kunkel

Dear Mr. Hoover:

While attending a law enforcement function on this date, Chief Jerry V. Wilson of the Metropolitan Police Department stopped me to advise of two recent incidents. He stated that within the past several days a representative of the Associated Press called him and inquired about "friction" that existed between the FBI and the Metropolitan Police Department. Wilson stated he thought nothing of it at the time and did not even recall the name of the individual; however, he emphatically told him that he did not know of any friction. Wilson stated that on October 18, 1971, he received a call from an individual by the name of Fisher, as he recalled, of Time Magazine, who made a similar inquiry to which he gave the same reply. Wilson stated he wanted to bring this to my attention because it may be the beginning of another smear campaign by the press in an effort to develop further criticism of the FBI.

Wilson commented to me that he is certainly unaware of any problems existing between his Department and the FBI, and he was deeply concerned that such calls had been made. It was his impression that Fisher's source could have been connected with FBI Headquarters. As Chief Wilson and I commented, there could not be more cordial relations than those existing between his Department and the Washington Field Office.

Chief Wilson has been most cordial to me on all occasions when I have met him at various functions and from the Deputy Chief level on down to the patrolman on the beat, our relations have been outstanding. This has been true not only in matters of mutual interest, but there have been many situations in the recent past where the Police Department, as well as Chief Wilson personally, has gone out of its way to be cooperative.

I bring this to your attention primarily because of the efforts of the news media to cause any embarrassment possible to the FBI, and I feel that this was Chief Wilson's sincere purpose in bringing the matter to my attention.

Sincerely,

The October 25th issue of "Time" magazine indicates that Chief Wilson was correct in being suspicious as to the motivation for the inquiries from Mr. Fischer and the representative of the Associated Press as you noted in your letter of October 19th.

Your obviously good relations with the Metropolitan Police Department are a strong defense against the attempt of professional critics to create dissension for devious purposes. Please convey to the Chief, at the earliest opportunity, my thanks for his cooperation in this matter.

The Director has instructed that SAC Robert G. Kunkel, Washington Field Office, and SAC Victor Turyn, who has been ordered to Newark as SAC [REDACTED]

b6
b7C

In the case of Mr. Kunkel, he was promoted to GS-17 effective 10/27/71. According to promotion restrictions of the Whitten Amendment, one year must lapse from the date of his last promotion before he can again be promoted. Accordingly, under those regulations we may not promote Mr. Kunkel until 10/27/72. In the case of [REDACTED]

RECOMMENDATIONS:

REC-131

9 DEC 7 1971

1. That enclosed proposed letter to Mr. Turyn be approved, promoting him to GS-18 as SAC of the Newark Office.

2. That SAC Kunkel be considered for promotion to GS-18 on 10/27/72.

In accordance with approval of the Director a two-day conference is being held at the Bureau for representatives of selected field offices which will deal with crimes involving air transportation, particularly aircraft hijacking. This will last for two days, on December 1-2, 1971.

ASAC, James T. Moreland, will represent the San Francisco Office. Mr. Moreland has specifically asked to see the Director while he is at the Bureau for this purpose. He will be here a day ahead of time in annual leave status. The Director has agreed to see Mr. Moreland at 10:15 AM on Tuesday, 11/30/71. Mr. Moreland has been advised accordingly. Office summary and brief of Moreland's file will be submitted.

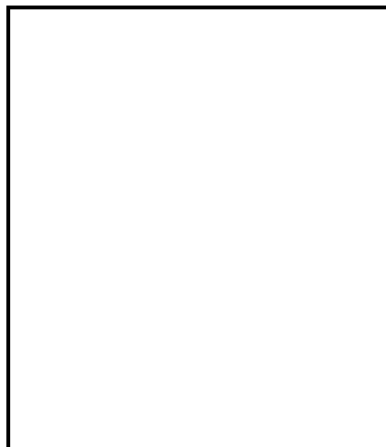

Among the others in attendance will be the following field office officials, all SACs or ASACs:

Dear Mr. Hoover:

I am enclosing a copy of the Quarterly Report of the Major Violators Branch of the Metropolitan Police Department I have just obtained, which contains some very significant information regarding recidivism in the District of Columbia. The report highlights the lenient treatment afforded serious offenders. The report is made available to the White House, the Attorney General and the press. I felt sure you would want to see it.

The Metropolitan Police Department between mid-February, 1971, and September 30, 1971, documented the rearrest of 17,095 individuals who were under the supervision of the D. C. Bail Agency, D. C. Department of Corrections, U. S. District Court, and Superior Court probation office. Felony charges were filed against 11,215 of those rearrested.

During the period mentioned above, 955 persons released by the courts on their own personal recognizance (to await trial) through the D. C. Bail Agency were rearrested. Of concern is the type of criminal offenses involved in the rearrests, because the report indicates that 92 individuals were rearrested on robbery charges during July - September, 1971, while on personal recognizance awaiting trial, and it is noted that 60 of these individuals were rearrested within 90 days of their previous offenses. Eight individuals were charged with homicide while on personal recognizance between April 10, 1971 and August 16, 1971.

[Handwritten signature]

To highlight this atrocious situation, I would like to call your attention to brief examples in the enclosed report. A 21-year-old subject was arrested on December 29, 1970, for burglary and released on personal recognizance. On July 3, 1971, this subject fatally stabbed another man, fled the scene and was finally arrested July 13, 1971. The same day the subject was arrested for the homicide he was released on his personal recognizance and was at large in the community as of November 1, 1971. Another individual was arrested on January 15, 1971, and February 16, 1971, for armed robberies, being released on his own personal recognizance in each instance. On June 14, 1971, he and two other males entered an apartment in southeast Washington and shot and fatally wounded the 68-year-old occupant they were attempting to hold up. This individual is presently confined to the District of Columbia Jail following his arrest for first-degree murder on July 7, 1971.

On June 23, 1971, a 25-year-old subject lured an 18-year-old female into his car and drove her to a wooded area where he began to rip off her clothing. She was fortunate enough to escape and the subject was arrested on June 26, 1971. He was released on personal recognizance. On August 15, 1971, he forced another 18-year-old female into his car at gunpoint, drove her to an isolated area and raped her. He was arrested two hours later, charged with Kidnapping and Rape, and was again released on his personal recognizance by the court. This subject was at large in the community as of November 1, 1971.

The foregoing illustrations disclose the fallacies of the Bail Reform Act, whereby many of these criminal animals are released to the street by their mere signature on a piece of paper.

Individuals under the supervision of the Superior Court Probation Office constituted the second highest number of rearrests monitored by the police department. The police department documented the rearrest of 388 persons between mid-February, 1971, and

September 30, 1971. A truly atrocious example of this unwarranted leniency involves 23-year-old [redacted]. On February 25, 1970, [redacted] was paroled from jail under the supervision of the D. C. Department of Corrections until September 9, 1974, as a result of convictions for larceny and narcotic violations. While on parole, he was convicted for attempted procuring. Instead of revoking his former parole based on the new conviction, Superior Court again placed him on probation from September 16, 1971 - September 15, 1973. Just nine days after being placed on the latest probation, [redacted] entered a church and freed his brother, a prisoner from the Lewisburg Prison, who was serving 20 years for bank robbery. [redacted] brother had been brought to the church by U. S. Marshals for the funeral service of his father, who had died while on furlough from the Lorton Prison Complex, where he was serving a sentence for second-degree murder. While assisting his brother in the escape attempt, [redacted] fatally shot a U. S. Marshal and was apprehended some distance from the church in a car he and his brother had taken at gunpoint after killing the Marshal. You may be interested to know that individuals serving sentences at Lorton are often given furloughs for various reasons for anywhere from 12 to 48 hours, and occasionally longer, permitting them complete freedom in the community. The type of crime or sentence seems to have little to do with whether one gets a furlough. Further, some of the inmates are permitted to attend Federal City College where no attendance records are maintained.

[redacted] 25 years old, was placed on Superior Court probation from July 7, 1971 - July 6, 1976, following his conviction in connection with the luring of two 13-year-old females into his apartment, removing their clothing and attempting to have intercourse with them. Less than one month after being placed on probation, while employed as a driver of an ice cream truck, he offered two nine-year-old females a ride in the truck. He took them to a wooded area, where he disrobed them and forced them to commit unnatural sex acts on each other. He was rearrested August 10, 1971, and is now confined in the D. C. Jail.

The report contains numerous other specific examples of what I would consider unwarranted leniency in connection with the release of criminals to the community prior to trial as well as on probation after trial. The report is a result of a program which had its inception in the Metropolitan Police Department about a year ago, and its purpose is to focus attention on the seriousness of the recidivism situation in the District of Columbia with the hope that some remedial action will be taken. The Major Violators Unit currently has in its criminal history file some 18,000 offenders.

The rearrest rate of serious offenders certainly highlights the ineffectiveness of the correctional systems in the District of Columbia which are obviously influenced by the "do gooders." I hope the report will be of interest to you.

Sincerely,

Robert G. Kunkel

Dear Mr. Hoover:

[redacted] wife of the late Senator [redacted] called John Mohr regarding some nuisance calls and letters she had received from [redacted] in Fresno, California, who claimed to be a daughter of the Senator and felt entitled to share his estate. Mr. Mohr requested me to see [redacted] with whom I have a slight acquaintanceship.

On December 6, 1971, [redacted] related she first learned of [redacted] in 1957 from a county judge in Appleton, Wisconsin, who probated the Senator's estate. [redacted] who at that time lived in San Francisco, California, claimed to be the Senator's daughter. At the request of the Judge, the San Francisco Police Department conducted some inquiries and determined that [redacted] was a Negress, twenty-two years of age, married to a garbage man and had four children. [redacted] had been an inmate of a mental institution for a short period in 1956 and appeared to be completely irrational on many subjects during an interview. She nevertheless maintained that she was the daughter of the late Senator and agreed that if she was not named in the Senator's will she would drop the entire matter.

[redacted] advised the foregoing was the last she heard of [redacted] until April of this year when [redacted] began attempting to contact her telephonically by making a number of person-to-person telephone calls. The number of calls have increased recently and, on November 17, she received a letter from [redacted].

[redacted] advised that her husband had an assistant talk to her over the phone and determined that [redacted] [redacted] was completely irrational, and the letter which she received did not make any sense. [redacted] wondered if anything could be done to stop the nuisance calls from [redacted].

At the suggestion of Mr. Mohr, a request was made of the Sacramento Office to have two Resident Agents talk to [redacted] in Fresno. On December 8, 1971, SAC John Williams telephonically advised me that two Agents contacted [redacted] on December 7, 1971, at [redacted] in Fresno. These Agents determined that [redacted] receives welfare aid and would only talk to the Agents through a screen door in her home. [redacted] was irrational on many subjects but appeared to be obsessed with the allusion that she is the daughter of the late Senator. The Agents expressed the opinion that any further attempts to refute this with her would be futile. [redacted] nevertheless agreed to discontinue her nuisance telephone calls. On the late afternoon of December 7, [redacted] contacted the Fresno Resident Agency telephonically on six occasions and stated that she would continue to make calls to [redacted] [redacted] whenever she was so inclined.

I conveyed the above information to [redacted] and suggested that she advise me if she had any further calls from [redacted] and we would at that time decide whether any further action was warranted.

I wanted you to be aware of the foregoing information and the action that has been taken.

Sincerely,

Dear Kunkel:

Thank you for your letter of November 26th
and the enclosed copy of the Quarterly Report of the
Major Violators Branch of the Metropolitan Police
Department. Certainly this documents the fantastic
asininity of those who release these fanatical pred-
ators upon society. I appreciate your forwarding
the report to me.

Sincerely,
J. Edgar Hoover

Dear Mr. Hoover:

I thought you might be interested in the attached report of the Metropolitan Police Department which I just received. This brief report is the result of a survey made by the Robbery Branch of the Department for the month of December, 1971, wherein the Robbery Branch made 72 felony arrests during that month and, in addition, there were 29 arrests for Armed Robbery by other units of the Department.

The report reveals that of these 101 arrests, 68 of the individuals were on some type of release. For the most part, the individuals were on personal recognizance from previous charges, on probation, or serving in halfway houses.

This is an atrocious situation which materially contributes to an already tremendous crime situation in the District of Columbia.

Sincerely yours,

Robert G. Kunkel

DEPARTMENT
Investigations Division

January 5, 1972

TO: Commander, Criminal
Investigations Division

SUBJECT: Subjects arrested while on bond, parole,
probation or other type release for another
crime in December, 1971.

Sir:

The Robbery Branch made seventy-two (72) felony arrests during the month of December, 1971. There were twenty-nine (29) arrests for Armed Robbery by other units of the Department, bringing the total of arrests for the purpose of this report to one hundred one (101). Of the one hundred one (101), sixty-eight (68) were on some type of release. This means that 67% of the total one hundred one (101) arrested were on some type of release at the time of their arrest.

Twenty-six (26) of the sixty-eight (68) on release at the time of arrest are narcotic addicts, 38%.

The following is a list of the sixty-eight (68) individuals arrested and charged while in an offender status:

Dear Kunkel:

I received your letter of January 14th, with enclosure, and appreciate your forwarding the survey made by the Metropolitan Police Department Robbery Branch regarding the arrest of individuals who were on some type of release for a previous offense. I certainly agree with your comment that this is an atrocious situation and readily understand the problems which this causes for the enforcement of law within the District of Columbia.

PERSONAL ATTENTION

Mr. Robert G. Kunkel
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Kunkel:

The results of the inspection of the Washington Field Office have been reviewed, and I have approved the following ratings for your operations: Contacts - Excellent; Physical Condition and Maintenance, Investigative Operations, Administrative Operations and Personnel Matters - Very Good.

Although your office space is crowded and in a building poorly maintained by General Services Administration due to its scheduled destruction, it was found to be well organized and businesslike. You must closely follow the current negotiations for new space and make absolutely certain every necessary step is taken to safeguard Bureau equipment, property and sensitive material.

Automobile repair and operating costs were found to be above the field averages. You must emphasize economy in the operation of your automobiles. While no safety defects were found in the cars inspected, I am concerned about the number of automobile accidents. I want you to impress upon all personnel the need for safe and defensive driving to insure the number of accidents is reduced.

Your statistical accomplishments for the first nine months of this fiscal year are commendable. Continue to closely follow these matters to make certain you achieve a favorable record in all categories at the end of the current fiscal year. While your solution rate in bank robbery matters has declined slightly, it indicates that these violations are receiving vigorous attention. You should implement the Inspector's suggestions in order to further improve your solution rate.

Mr. Robert G. Kunkel

The Criminal Intelligence and Interstate Gambling Activities Programs were rated very good. Your accomplishments in the Organized Crime Intensification Program are noteworthy. You must continue to intensify your efforts in this area and particularly stress the development of additional top-echelon informants. The Inspector's instructions to place the Top-Echelon Informant Program under the direct supervision of the Organized Crime and Gambling Desk should strengthen this phase of your operations.

The Criminal Informant, Security Informant, New Left Informant and Extremist Informant Programs were rated very good. You should concentrate on improving the quality and selection of informants and be particularly alert to the development of sources of worth-while information concerning the Communist Party, New Left groups, communes and extremist unrest. Your performance in meeting applicant, civil rights and fugitive deadlines is noteworthy. The substantive errors and undesirable trends called to your attention indicate the need for tighter supervision and for strict adherence to Bureau regulations by all personnel. Those matters requiring corrective action should be handled at once.

Your Chief Clerk's Office was found to be well organized and operating efficiently. Encourage your stenographic pool to improve production and reduce the number of retyped pages.

A complement of 417 Agents and 265 clerks is considered adequate but not excessive to handle your present work load. I expect you to meet your monthly quota of applicants; however, I am holding you personally responsible to insure only the highest quality applicants are recommended for consideration.

I was pleased with the Inspector's findings concerning your contact program. Your police training and National Academy programs are effective and you must continue to afford these important matters your personal attention.

You and the Assistant Special Agent in Charge should carefully review the inspection findings and within thirty days of the receipt of this letter advise the Bureau of the corrective action taken in response to the Inspector's instructions.

Sincerely yours,

Clyde A. Tolson

SUMMARY

Officials: Robert G. Kunkel, SAC since 7/28/70; Edward L. Campbell, Jr., ASAC since 4/13/69. Last inspection: 3/24 - 4/15/71.

Physical Condition and Maintenance - Very Good (Last Inspection - Very Good). Office occupies several floors in Old Post Office Building (scheduled to be destroyed 1972 - 1973 and General Services Administration has reduced maintenance to minimum). Space crowded and inadequate but maintained in orderly and businesslike manner. Negotiations for new space underway; instructed to follow closely. Security being stressed. Representative number of automobiles inspected. Fleet adequate, fully utilized and well maintained - no safety defects noted. Automotive repair and operating costs above field averages - economy stressed. Automobile accidents increased from 14 to 20 since last inspection; employees held responsible increased from 3 to 4. Defensive and safe driving strongly emphasized.

Investigative Operations - Very Good (Last Inspection - Very Good). Case load 3/31/72 - 9446 (8965 active); up from prior inspection - 7612 (7070 active). Delinquency and case load per Agent below and cases closed per Agent above averages. Statistical accomplishments Fiscal Year (FY) 1971 up in all categories except fines, savings and recoveries (down 60%). Up in all categories first 9 months FY 1972. 7 substantive errors detected - below average (handled separately). 74.8% of all bank robbery violations since last inspection solved - down from 78.1% last inspection. Specific suggestions made to improve solutions. Criminal Intelligence and Interstate Gambling Activities Programs rated very good. 52 arrests in Organized Crime Intensification Program - exceeds quota of 40. 5 quality top-echelon informants - 7 last inspection; 15 targets under development. SAC instructed to transfer supervision of Top-Echelon Informant Program directly to Organized Crime - Gambling Desk for immediate improvement. No La Cosa Nostra in Division - ordered to be alert for black organized crime groups. Emphasized continued vigorous attack on gambling activity. Criminal Informant Program rated very good. 112 criminal informants and 210 potential criminal informants; up from 103 and 189 last inspection. Security and New Left Informant Programs rated very good. Instructed to improve coverage of Communist Party, New Left groups and communes. Espionage and double agent matters receiving aggressive attention. Need for defectors in-place stressed. Extremist situation relatively calm but definite potential for violence exists due to hostility between some black and white elements. Extremist Informant coverage rated very good; however, wider

Re: Inspection - Washington Field Office

coverage ordered. Missed applicant, civil rights and fugitive deadlines below field averages.

Administrative Operations - Very Good (Last Inspection - Very Good). Washington Field Office 18-desk office (including SAC, ASAC and 1 night supervisor) justified. Work load equitably distributed. Chief Clerk's Office well organized and operating efficiently - misfiled index cards, pending and project work below and form errors slightly above field averages. Stenographic production below and retypes above averages. Undesirable trends noted in failure to properly review references listed on indices search slips; failure of legal instructors to review complaints and affidavits consistently; and delay in submission of informant justification and progress letters - ordered corrected. Overtime productive, necessary and equitably shared.

Personnel Matters - Very Good (Last Inspection - Very Good). Total complement 4/7/72 - 682 (417 Agents and 265 clerks, including 8 clerical vacancies) adequate, not excessive - SAC agrees. Since last inspection, 20 Agents and 55 clerks recruited. Need for above-average minority and accountant applicants stressed. 10 Agents on limited duty - productive and retention justified. 1 Agent on leave without pay due to injury - being followed closely. No Agents overweight or on probation. Morale high.

Contacts - Excellent (Last Inspection - Excellent). 27 contacts (24 last inspection) provide valuable assistance. Most speeches and relations with news media handled by Seat of Government. Police training and National Academy Programs effective. Officials contacted have high regard for Director, Bureau and Washington Field Office personnel.

RECOMMENDATIONS:

1. SAC Robert G. Kunkel, GS-17 @ \$35,480, aged 47, veteran, not on probation, at Washington Field Office since 7/28/70, second office as SAC. Makes excellent personal appearance, knowledgeable, experienced and an effective administrator. Continue as SAC. He stated he is available, without restriction, for promotion or transfer. Attached for approval is letter summarizing results of inspection.

2. ASAC Edward L. Campbell, Jr., GS-16 @ \$32,645, aged 43, veteran, not on probation, at Washington Field Office since 4/13/69, third office as ASAC. Campbell is mature and makes impressive personal appearance. He is capable and knowledgeable in Bureau procedures and policy and an effective leader and administrator. Inspector agrees with SAC that Campbell is well qualified for advancement.

3. Recommendations concerning other personnel handled separately.

Dear Bob:

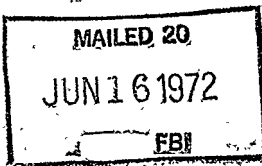

I am pleased to be able to commend, through you, the Agents of your office who diligently participated in the gambling raids which were carried out by the Norfolk Division recently.

These Agents were of considerable assistance in this complex matter and were thereby responsible, in part, for the success that was accomplished. I ask that you convey to everyone involved my genuine appreciation.

Sincerely yours,

Dear Bob:

I have carefully considered the suggestions you made in your letter of June 27, 1972, along with the views of various Headquarters officials on these same subjects.

Press Releases. I have decided that the present practice of FBIHQ handling all press releases will continue. I recognize that this approach treats the Washington Field Office differently than other field offices. However, I am reluctant to fragment press responsibilities in the critically important District of Columbia area and open the possibility of the press playing off the Field Office against Headquarters. I think it desirable for the press to know that it must come to a single source in this area for news about the FBI. I think it is better for the FBI to speak with one voice in a given geographic area. This is the reason behind the responsibility of other field offices for press releases in their jurisdictions. Finally, I do not believe the confusion during any changeover period would enhance our relations with the press in this area.

Statistical Accomplishments. While it may be true that undue emphasis has been placed in the past on the four statistical categories you mentioned, I do not believe the answer lies in abolishing or restricting them. Instead, I am asking that Headquarters propose some additional statistical categories to improve the ways in which we measure our performance.

Liaison Section. After reviewing an initial report, I have asked for additional information on the proposed re-establishment of this Unit.

Capitol Hill Contacts. Because of the sensitivity of our relations with Congress, I prefer that responsibility for Congressional inquiries be centralized. I want to be able to hold one man accountable for responses to those inquiries. This avoids the problems of multiple requests on the same subject from different offices and the need for access to all FBIHQ information on a given subject rather than just the Washington Field Office information.

I appreciate your suggestions and look forward to continuing to receive them. I hope that my response will encourage rather than discourage your making them in the future.

Dear Mr. Gray:

Washington F.O.

In line with your request for suggestions to improve the services and the effectiveness of the FBI, I wish to bring the following matters to your attention for appropriate consideration:

Bohoy
KP2
Press Releases - Unlike any of the other 58 offices, the Washington Field Office has not been permitted to issue press releases in purely routine matters which are local in nature. All press releases by the Field Office are handled by FBIHQ. I certainly feel that FBIHQ should handle all press releases in major cases of national significance or matters pertaining to FBI policy, but for FBIHQ to handle purely local releases denigrates the impact of the more important matters. Inasmuch as the Washington Field Office is located in the District of Columbia, all local releases would be made in the name of the Director, but otherwise in the same manner as all other offices. I am confident a sufficient number of press contacts could be developed to insure proper publicity for the routine and local accomplishments of this office.

Callahan
Statistical Accomplishments - For many years an important measure of the successful administration of an office has been statistical accomplishments which are maintained in the four categories of convictions, fines, savings and recoveries, fugitives apprehended and automobiles recovered. I feel that undue emphasis has been placed on these categories in the comparison of offices. All four categories primarily pertain to criminal and accounting-type investigations, which in the Washington Field Office

represent approximately twenty-five percent of the caseload and manpower. Fines, savings and recoveries and automobiles recovered should not be considered because they are also claimed by other agencies and local police departments. For example, fines in criminal cases and tort savings are claimed by the U. S. Attorney's Office; savings and recoveries resulting from civil suits, Court of Claims and Renegotiation Act recoveries are claimed by the Civil and Criminal Divisions of the Department. Further, surveys have established that the total number of automobiles recovered are virtually all attributable to local police departments.

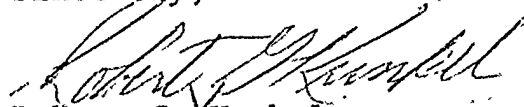

I feel that the statistical categories of convictions and fugitives apprehended should be retained only as a measure of the success of the criminal investigative efforts of the segment of the office handling such matters, and that statistical accomplishments should not be considered as an overall measure of the success of an office. Washington Field Office, for example, has approximately sixty percent of its caseload and manpower devoted to security matters and remaining percentage of investigative efforts is in the applicant field.

Adk
Liaison - For many years, FBIHQ had a Liaison Section which maintained official liaison with the headquarters of other governmental departments and agencies in Washington, D. C. The discontinuance of that Liaison Section resulted in an attempt by the Washington Field Office to handle many inquiries of high-level officials of those departments and agencies. It should be noted, of course, that this office of necessity maintains liaison on a relatively low level with all governmental departments and agencies to insure the prompt referral of cases and to handle matters pertaining to the effective operation of this office in the District of Columbia. I feel that a reinstitution of the Liaison Section in FBIHQ would place the high level liaison with other agencies at the headquarters level where it would obviously be more effective.

Pinkey
Capitol Hill Contacts - This office has one Agent assigned to conducting applicant-type interviews on Capitol

Hill on virtually a full-time basis. In this connection he receives many Congressional inquiries and requests which under present Bureau rules he must convey to the Bureau which in turn sends a representative to Capitol Hill to respond. Because of the natural entree and numerous contacts by the Agent through his many applicant-type interviews; it is suggested that he be permitted to handle any Congressional request made of him in its entirety, not involving a matter of policy, as it certainly appears to be the most logical and effective manner of handling such requests.

Sincerely,

Robert G. Kunkel

You asked for my comments re the news stories which appeared in Washington papers on Saturday regarding the administrative action taken against SAC Kunkel. I have no specific information regarding the leak of this information to the press.

A story by Dan Thomasson, Scripts-Howard News Service, which appeared in the Star on 8/30/72 discussed the transfer of Grapp from Los Angeles to El Paso and linked this with Kunkel's situation. It indicated that two of Mr. Hoover's favorite Agents had run afoul of Mr. Gray. In addition to the transfer of Grapp, the story indicated "the head of another major field office has been under internal investigation and probably will be transferred." This involved "the alleged alteration of a report on the Bureau's activities during an anti-war demonstration." While Thomasson did not identify Kunkel as the SAC nor Washington, D. C., as the location, it is apparent that he referred to the Kunkel-Brinker matter. He attributed his information to "Justice Department sources." Thus it is clear that the press had the story for a month before the action was taken.

REC-139

61-337413-394

The inquiry by the Inspection Staff into the Brinker matter was made 7/28 - 8/10/72. The inspection summary memorandum was written 8/15/72. The fact that our inquiry was made was well known in Washington Field Office because of the number of interviews conducted there. Between 8/15/72 and 9/29/72 this matter was the subject of considerable discussion and speculation as to the action which might be taken against Kunkel.

SUBJECT: WESLEY G. GRAPP

ROBERT G. KUNKEL
SAC, WASHINGTON FIELD, UNDER TRANSFER
TO ST. LOUIS OFFICE

INQUIRY FROM "POTOMAC" MAGAZINE

Mr. Rudy Maxa, "Potomac" Magazine section, "Washington Post," telephoned my office October 5th and spoke to [] Maxa said that the "Potomac" Magazine was running a long story in the October 22nd issue of "Potomac" Magazine, the Sunday magazine of the "Washington Post." This story is entitled "Washington Watchers" and concerns generally private investigative groups and individuals in the Washington area. A statement appears in the article from a Washington private investigator, Richard Bast. Maxa said that this statement is a very small portion of the entire story.

"The head of the Washington Office, Kunkel, and the head of the Los Angeles Office, Grapp, were both slapped on the wrists, Bast says."

Robert Kunkel was reportedly transferred from Washington for allegedly falsifying a report of a May Day incident, in violation of U. S. Code criminal statute, if true. Grapp was demoted for privately monitoring conversations in his office, violating Federal and criminal laws, if proven.

"What I think the general public wants to know is why the evidence found by the FBI investigation of Grapp and Kunkel was not turned over to a Federal Grand Jury for prosecution," Bast says angrily.

Maxa said that he would like answers to the following three questions in regard to the above.

- (1) Is it true that Kunkel was transferred for allegedly falsifying a report?
- (2) Was [] demoted for privately monitoring conversations in violation of Federal or state criminal laws?
- (3) Has the evidence developed by the FBI in its inquiry concerning Kunkel and [] been turned over to a Federal Grand Jury for consideration, and if not, why not?

In answer to question #1 it is recommended that Maxa be advised that Kunkel was ordered transferred from the Washington Field Office to the St. Louis Office at no change in grade or salary and we have no comment to make as to the reason for the transfer.

In answer to question #2 it is recommended that Maxa be referred to the statement by Mr. Gray released on September 21st in which it was stated among other things that []

In answer to question #3 it is recommended that Maxa be advised that information concerning the Kunkel and [] matters has not been furnished to a Federal Grand Jury as there is no indication of violation of Federal or state law.

RECOMMENDATION

It is recommended that the answers set forth above be furnished to Rudy Maxa of the "Washington Post," "Potomac" Magazine section. Crime Records will handle such notification. (Maxa desired a reply as soon as possible as "Potomac" Magazine goes to print very soon.)

Gray Ousts Head of Capital FBI Office

Transfers Washington Chief and Disciplines 10 in 2nd Crackdown

BY RONALD J. OSTROW
Times Staff Writer

WASHINGTON—Acting FBI Director L. Patrick Gray III has removed the head of the bureau's Washington, D.C., field office and disciplined 10 other agents in his second crackdown in a month.

Gray transferred Robert G. Kunkel, a 27-year FBI veteran, to head the bureau's office in St. Louis after finding that Kunkel misrepresented an incident in which an FBI agent was overpowered by a mob of anti-war demonstrators and had to be rescued by several other agents.

In an interview Friday, Gray would confirm only that Kunkel, 48, was being transferred. He said the move was "an internal bureau matter" and declined to elaborate.

Two weeks ago, Gray proposed stripping Wesley G. Grapp of his rank and transferring the former head of the Los Angeles FBI office to Minneapolis for breaking bureau rules by bugging his own office. But Grapp, who earlier was disciplined by Gray for disobeying a grooming order, chose to retire instead of accepting the transfer.

Gray's Attitude Apparent

The Grapp and Kunkel moves reveal Gray, a former Navy captain, as an administrator who insists on compliance with his orders and full candor from his subordinates.

A source familiar with the Kunkel case said the incident took place last May during a demonstration near the Capitol.

FBI agent had attempted to apprehend a demonstrator for throwing a large stone at a Capitol policeman. The officer was knocked down. Other demonstrators intervened and wrenched the suspect away from the agent, who was injured during the fracas. Several other agents then waded into the mob and rescued their colleague, according to the source.

Gray asked for a report of the incident and reportedly was told by Kunkel that no FBI agents were involved other than the injured man. Kunkel apparently was trying to avoid "embarrassing the bureau" over the incident in which the suspect presumably had escaped, the source said.

The acting FBI chief is understood to have given Kunkel three opportunities to straighten out the story after hearing other reports of it in August. Suspecting that he was getting an inaccurate account, Gray then ordered an FBI inspection team to investigate the incident. He took the disciplinary action on the basis of the inspectors' findings.

Others Get Discipline

In addition to transferring Kunkel, Gray disciplined four supervisors and six agents in the Washington field office for failing to report the event accurately. Some of the men were suspended without pay for a limited period and placed on probation. All were censured. The names of the other men could not be learned.

~~The Washington field office, one of~~
the bureau's largest, handles some
of the FBI's most sensitive cases and
has played a major role in the four-
month investigation of the burglary-
bugging incident at Democratic Na-
tional headquarters here June 17.

The source said the Watergate in-
vestigation had no relationship to
the transfer and disciplinary action,
however.

Kunkel joined the FBI as a clerk
in 1942, served in the Air Force from

1943 to 1946 and then re-
turned to the bureau. He
became a special agent in
1949 and served in several
cities, including a tour in
the office of the late FBI
Director J. Edgar Hoover.
He was named special
agent in charge of the
Memphis office in April,
1970, and took over the
Washington office in July
of that year.

~~The source familiar with~~
the case, said Gray's ac-
tions in the Grapp and
Kunkel incidents signaled
that he was willing to give
bureau veterans a second
chance instead of simply
dismissing them from the
agency.

PA & LAT CHEST: Examination is somewhat overpenetrated. There are scattered calcifications consistent with old granulomatous disease. Degenerative change of the thoracic spine is visualized with slight anterior wedging of the third thoracic vertebra. There is flattening of the hemidiaphragms and some increase in the AP diameter associated with an increased retrosternal space. The finding is suggestive of chronic obstructive disease. The findings are not significantly changed from July 1971.

Dear Mr. Kunkel:

Your headquarters are changed for official reasons from
the Washington Field Office to St. Louis, Missouri, as Special Agent in Charge,
effective upon your arrival there on or after this date. Travel and transportation expenses
and applicable allowances and benefits for you and your dependents incidental to this
transfer as provided by the Administrative Expenses Act of 1946, as amended; Office of
Management and Budget Circular Number A-56, dated August 17, 1971, and implementing
regulations prescribed by this Bureau, shall be paid to you or on your behalf. However,
before these expenses can be paid by the Government you must agree in writing (Bureau
Form 3-34b) to remain in the service of the Government for one year following the first
day you report for duty at the new station. If you are being transferred to a duty station
outside the continental United States only the written agreement form, FD-382, need be
executed. **Expedite transfer and advise within 48 hours departure and
arrival dates.**

Very truly yours,

Dear Mr. Kunkel:

You were previously informed of the fact that I had reason to believe I had not received complete and accurate information regarding the assault on Special Agent [redacted] of the Washington Field Office which occurred during an antiwar demonstration on May 21, 1972. I ordered the Inspection Division to conduct an inquiry to determine if this was true.

After reviewing the results of the Inspectors' inquiries I find that I was misinformed about this incident and, to a large degree, responsibility for this rests with you.

On the day of the incident you were on duty affording overall supervision to the coverage by the Washington Field Office of the antiwar demonstration. It was during this coverage Special Agent [redacted] was assaulted, other Agents fought with demonstrators, and guns were drawn to rescue Special Agent [redacted]. You learned that day of these events but the information submitted to Headquarters was both inaccurate and incomplete.

Bureau executives, including myself, were operating under the false impression Special Agent [redacted] had been injured going to the aid of a Metropolitan Police Department Officer when, in fact, this Agent was injured after he responded to a call for assistance from another Agent. Had you performed your duties properly we would have been furnished with accurate and complete facts of this incident.

When you first learned that a Washington Field Office Agent had been assaulted while on duty you should have taken prompt steps to insure that all pertinent facts were furnished to Headquarters and that

an immediate and vigorous investigation was conducted. This was not done and your failure to exert leadership in this instance had a resounding effect throughout the office. In this regard I am appalled to learn there was a picture in the Washington Field Office of the demonstrator who assaulted the police officer and nothing was being done about it.

During the inquiry by the Inspectors you caused these cases to be discussed with the United States Attorney's Office. This was done while the Inspectors were still interviewing Washington Field Office personnel and without consulting them. This was poor judgment on your part.

Your comments regarding this matter have been carefully reviewed. I have concluded your conduct was not in keeping with the traditions, customs and standards of the Federal Bureau of Investigation. You are, therefore, being censured and placed on probation. While in this status favorable consideration will not be given to any Within-Grade Salary Increase for which you would otherwise become eligible.

PURPOSE:

This to furnish results of inquiries requested by Mr. Gray regarding a possible cover-up of facts presented to him involving the assault of SA [REDACTED] of Washington Field Office (WFO) and subsequent events which occurred between Agents and demonstrators on Sunday, 5/21/72.

Mr. Gray advised he received information that the cover-up concerned (1) the police officer assaulted was not a Metropolitan Police Department Officer but was from the Capitol Police; (2) several other Agents were at the scene of the assault, the demonstrators had blackjacks, the Agents drew their guns, and there was a big confrontation; (3) Agents caught the assailant of SA [REDACTED], he was jailed overnight, facts were presented to an Assistant United States Attorney, and the assailant was released; (4) the FBI has a photograph of the assailant of the police officer and has done nothing about it; (5) other Agents were assaulted but except for [REDACTED] were not hurt; (6) an unnamed supervisor in WFO may have been responsible for failure to report full facts in this matter.

Inquiries have determined that essentially points mentioned by Mr. Gray are true except the assailant mentioned in item 3 above was not the person who assaulted SA [REDACTED]. He was a demonstrator who was involved in the general melee but was not identified as having attacked any particular Agent.

FINDINGS:

WFO had coverage of an anti-war demonstration in Washington, D. C., co-sponsored by National Peace Action Coalition and Peoples Coalition for Peace and Justice. This case was assigned to SA [REDACTED] and supervised by SA [REDACTED]. Advance information indicated among the demonstrators on 5/21/72 would be a group called the "Attica Brigade" who were bent on acts of violence and mutilating Government buildings.

Memo for Mr. Felt

Re: Inquiry into Assault of SA []

b6
b7C

SAC Robert G. Kunkel was working in office on 5/21/72. According to his statement he was affording this case overall supervision. ASAC was not working this day. Approximately 90 other WFO Agents were working that day. Most were working on the demonstration coverage. There were other supervisory personnel on duty because of the demonstration. This includes Coordinating Security Supervisor [], Security Supervisor [], Security Supervisor [] and Criminal Supervisor [].

During demonstration on Sunday, 5/21/72, SA [] in an undercover capacity, dressed in fatigue jacket and motorcycle helmet, at about 2:00 PM observed an individual hurl a large rock at a uniformed Capitol Police Officer which struck the officer in the back. SA [] called via Bureau radio for assistance in effecting arrest of this person since the police officer was stunned and did not pursue his assailant. SAs [] and [] quickly responded and when SA [] pointed out the police officer's assailant standing in an area away from the crowd, Agents approached this person, SA [] identified himself as an FBI Agent and told individual he was under arrest. Other demonstrators realized an individual was being led away and shouted, "The pigs are trying to bust someone," or similar phrases including obscenities. Demonstrators attacked Agents and a fight ensued. All five Agents received blows but only one, SA [], was injured. At least one demonstrator had a blackjack and other demonstrators had sticks and various missiles. SAs [] and [] pulled their side arms and SAs [] and [] used tear gas to back off their attackers and all were able to leave the area. The police officer's assailant whom Agents arrested broke free during melee with demonstrators. Two Metropolitan Police Officers helped Agents leave the area. Agents do not know whether any police officers were in immediate area while fight was in progress.

During encounter SA [] chased a demonstrator whom he observed wildly wielding a stick which broke over the head of another individual (presumably a demonstrator). SA [] arrested this person, [] away from the crowd on a charge of assault. Upon consultation with an Assistant United States Attorney (AUSA), [] was jailed overnight on simple assault charge. Central Cell Block, Metropolitan Police Department; personnel allegedly presumed this assault must involve charge of Assaulting a Federal Officer (AFO), since [] was arrested by FBI. They, therefore, turned [] over to U. S. Marshal. AUSA authorized release of [] next day, which was accomplished by bringing him before U. S. Magistrate after Agents could not identify [] as being one of their attackers.

After encounter Agents returned to WFO at various times from 3:00 PM on. SA [] treated at local hospital for injuries sustained and arrived at WFO approximately 6:00 PM. Agents state they told Supervisors [] and [] of confrontation. [] acknowledges he was told by Agents of confrontation but claims he was under impression Agents did not actually have custody of police officer's

Memo for Mr. Felt

Re: Inquiry into Assault of SA []

b6
b7C

assailant when he escaped. [] acknowledges he was aware Mace (actually tear gas) was used or threatened and [] was arrested. [] remembered hearing [] was injured going to aid of SA [] Supervisor [] while on the street learned of attacks on Agents and when he returned to WFO was briefed by Supervisor []. [] acknowledges knowing of attack on [] that other Agents were involved in confrontation and seeing newspaper photographs showing Agents displaying guns and tear gas device. [] and [] both said SAC Kunkel was aware of all facts they had relating to confrontation.

A teletype sent by WFO was received at FBIHQ at 5:20 PM 5/21/72 under demonstration caption which advised [] was arrested by Agents when they observed him assault a Metropolitan Police Officer and SA [] was assaulted by demonstrators during another incident involving an attack of a police officer. (These statements are both in error; however, due to the time element, i.e., teletype prepared by case Agent [] about 4:00 PM, and in view of number of individuals (Agents) involved in assaults, there well could have been confusion at that time as to facts.) This teletype was approved by Supervisors [] and []. No other communication was submitted to FBIHQ by WFO on 5/21/72 which mentions assaults.

On morning of 5/22/72 the "Washington Post" carried article on page one about demonstration which had photographs of demonstration including one photograph showing SA [] tackling a demonstrator, and another depicting SA [] with revolver drawn pointing downward and facing a demonstrator. A third photograph shows SA [] with tear gas dispenser in hand assisting SA [] who appears to be hurt. Neither article nor photographs mention FBI but describe individuals in pictures as plainclothes policemen and law enforcement officers.

On 5/22/72 Supervisor [] advises he asked SAC whether he had seen the morning paper. (This in reference to Agents' pictures mentioned above.) According to [] SAC replied he had and made statement to effect WFO would answer inquiries from FBIHQ when they are made.

During morning of 5/22/72, Supervisor [] Domestic Intelligence Division, telephonically instructed WFO to submit a teletype covering assault on SA []. In response Supervisor [] prepared a teletype under caption, [] Special Agent, Administrative Matter." This teletype was approved at WFO by SAC and received at FBIHQ at 10:30 AM. Teletype states in part: ". . . Special Agent [] went to the assistance of a police officer who was being assaulted by demonstrators. During the ensuing period [] received lacerations on the head and a bruised shoulder. . . Demonstrators involved in incident escaped." (This teletype is misleading as to how [] was injured.) [] explained

Memo for Mr. Felt
Re: Inquiry into Assault of SA []

b6
b7C

when he prepared teletype it contained information he then had about the matter. He now feels Bureau should have been furnished full facts.

"Evening Star" newspaper for 5/22/72 also prominently carried an article on 5/21/72 demonstration. One of photographs accompanying this article depicts SA [] with drawn gun pointed at demonstrators, standing over SA [] who is tangling with a demonstrator. Article contained other pictures of Agents taken during confrontation. Individuals are described as undercover men and not as FBI Agents. Article indicated Metropolitan Police Department said the man with the revolver was not a Metropolitan Policeman. Article did indicate an FBI Agent, SA [] was assaulted by several demonstrators.

SA [] claims about 4:00 PM, 5/22/72, he received a telephone call from SAC wherein picture in that evening's paper of [] holding the gun on a demonstrator was discussed. According to [] SAC said words to effect we are going to deny we even know who that person is.

b6
b7C

As mentioned previously only two teletypes were submitted by WFO to FBIHQ mentioning [] assault.

In FBIHQ memorandum dated 5/24/72 from T. J. Smith to E. S. Miller, Smith sets forth additional data regarding [] assault which he said was obtained orally from SAC Kunkel (information in this memorandum as to [] assault is inaccurate). Mr. Gray made several notations and asked whether police officer was a Metropolitan Police Department Officer. Smith asked SAC Kunkel and Kunkel advised him it was. This fact is set forth in another Smith to Miller memorandum dated 6/5/72. (As explained previously, this statement is not accurate.)

During course of 5/21/72 demonstration, an Agent took pictures of demonstrators (not involving confrontation). About two weeks later a set of developed pictures was routed to Agents as is usual practice. All five Agents involved in confrontation noticed picture of one demonstrator was that of individual they arrested 5/21/72 and who escaped when fight started. None of the Agents advised their supervisor as they felt either the matter had been dropped or notification was made by someone else. Only Supervisor [] admits knowing picture in office and of identification by Agents.

b6
b7C

Assistant Director Miller advised prior to briefing Executives Conference concerning [] incident he telephoned SAC Kunkel to determine whether any additional information regarding [] matter had been developed. Kunkel stated the officer [] attempted to rescue was a plainclothes officer of the Metropolitan Police Department (according to Mr. Miller, he believed prior to this time that officer was in uniform. In fact it was a uniformed Capitol Police Officer.). Mr. Miller asked SAC if any additional information has been developed as a result of the AFO investigation. Kunkel advised situation remained from a factual standpoint

Memo for Mr. Felt
Re: Inquiry into Assault of SA []

as previously reported. Mr. Miller then described 5/21/72 demonstration scene to Executives Conference on 7/13/72 as it had been described to him in memoranda and by SAC Kunkel. Mr. Miller did not feel anyone in Domestic Intelligence Division distorted any facts but rather relied entirely on information furnished by WFO. Assistant Director Bates stated there was no supervisory dereliction involved in General Investigative Division as to AFO investigation or lack thereof. According to Mr. Bates, current instructions require prompt and aggressive action be taken by the field when one of our Agents is assaulted and SAC is held personally responsible to see cases are aggressively handled and prosecution vigorously pursued.

b6
b7C

EXPLANATIONS OF AGENTS AND RECOMMENDATIONS OF SAC

Inquiry determined WFO furnished FBIHQ with misleading, incomplete and/or distorted information regarding assault of SA []. No interview report forms (FD-302s) and/or memoranda were prepared by Agents concerning confrontation with demonstrators. No cases were opened or investigation conducted at WFO concerning Escape and Rescue (E&R) and AFO violations. Information furnished by WFO incorrectly stated SA [] was injured going to assistance of Metropolitan Police Officer when in fact he was going to assistance of SA []; incorrectly identified assaulted police officer as a Metropolitan Police Officer rather than a Capitol Police Officer; failed to mention other Agents were involved in fight with demonstrators wherein guns were drawn and tear gas used (FBIHQ is to be advised of use of tear gas per Manual of Instructions); and failed to include confrontation took place as Agents were attempting to leave area after arresting individual who assaulted a Capitol Police Officer. The Employees Compensation form CA 1 and CA 2 concerning Agent [] injury also sets forth misleading data as to the [] assault, as does SA [] claim for reimbursement for clothing damage. No confirmation of opinion of AUSA in [] arrest was prepared.

SA [] explains he did not prepare FD-302 or other communication and did not notify supervisor of identification of photograph as he believed matter was to be forgotten - SAC recommends censure and probation; SA [] explains he did not prepare FD-302 or other communications and did not notify supervisor of identification of photograph as it did not occur to him and he was not directed to do so. Submitted misleading information in form CA 1 and CA 2 and in reimbursement claim for clothing damage as he did not desire inconsistency with what was already furnished to FBIHQ. Misleading statement in CA 1 and CA 2 does not affect ultimate disposition of claim - SAC recommends censure; SA [] explains he did not prepare FD-302 or other communication, did not notify supervisor of identification of photograph and did not notify Bureau of use of tear gas as he was not asked for any communication, assumed all necessary notification had been made regarding the photograph and he had no intention of withholding information from FBIHQ as to use of tear gas - SAC recommends censure; SA [] explains he did not prepare

Memo for Mr. Felt
Re: Inquiry into Assault of SA []

b6
b7c

FD-302 or other communications, did not notify supervisor of identification of photograph, did not advise Bureau of tear gas use, and did not accurately fill out witness section of Brinker's injury form CA 1 and CA 2. He was not asked for FD-302. He thought someone else would bring photograph to attention of supervisor, and he merely repeated the information on CA 1 and CA 2 that was used by SA [] - SAC recommends censure. SA [] explains he did not prepare FD-302 or other communication and did not notify supervisor of identification of photograph since he assumed matter was administratively adjudicated and it would be irrelevant to advise anyone about the photograph since no case had been opened - SAC recommends censure and probation. SA [] explains he did not make inquiries to determine facts prior to preparing teletype of 5/21/72 because of confusion that existed and the limited information known to him at the time - SAC recommends censure. Supervisor [] explains he did not thoroughly debrief Agents involved in confrontation, did not see to it that AFO and E&R cases were opened because he understood the [] incident was being handled by Coordinating Supervisor [] - SAC recommends censure and probation. Supervisor [] explains he did not ascertain important facts concerning [] and [] fight with demonstrators, did not take any action when he learned there was a photo available of the police officer's assailant as he understood Supervisor [] was handling the [] incident and he assumed action as to the photograph would be handled in the AFO investigation - SAC recommends no action.

Supervisor [] explains he did not see to it an AFO investigation was initiated as he was never formally advised of assault and he was waiting for a request for such investigation from Bureau Headquarters - SAC recommends no action; Supervisor [] explains he did not ascertain facts concerning assaults prior to dictating teletype on 5/22 and did not take any action to advise FBIHQ of the correct information after such became known to him as he felt teletype of 5/22/72 had to be sent immediately and he furnished the limited information he then had. He never corrected it later since he considered the matter more or less closed. [] admits unknowingly furnishing the wrong advice to SA [] that it was not necessary to confirm opinion of AUSA regarding the [] arrest because of his unfamiliarity with criminal matters - SAC recommends censure and probation.

SAC'S EXPLANATIONS:

SAC Kunkel states he is embarrassed to find he has been as badly misinformed of facts as Acting Director Gray and Bureau. Until day Inspectors arrived he believed SA [] was assaulted going to assistance of a police officer and so notified Bureau. Only after being informed Inspectors were conducting an inquiry did he interview

Memo for Mr. Felt

Re: Inquiry into Assault of SA []

Agents involved and learn the true facts. SAC admits knowing on day of incident that SA [] was assaulted, several Agents had a fight with demonstrators and considerable difficulty was encountered in rescuing [] necessitating drawing of weapons by several Agents. He did not know tear gas was used by Agents. According to SAC, he did not feel this was a confrontation by Agents with demonstrators nor did he feel Agents had been assaulted as it is not unusual for WFO Agents to draw weapons in connection with their work. Incident did not appear to him to be of sufficient significance to notify the Bureau. SAC does not recall whether he read morning paper of 5/22/72 but has vague recollection of seeing photograph of SA [] lying on ground holding feet of another individual; does not recall talking with Supervisor [] concerning morning newspaper photographs or making statement we (WFO) will answer their (Headquarters) inquiries when they are made; and denies making statement to SA [] that WFO would deny knowing identity of person holding gun in photograph appearing in "Evening Star" newspaper 5/22/72. According to SAC, he did not know Agents arrested [] did not know the original assailant of the police officer had been arrested by Agents and fled during the fight with demonstrators and that there was a photograph of this individual in WFO. b6 b7C

SAC explained in an office the size of WFO with many major cases he must of necessity rely to a great extent on his supervisory personnel and had no reason to question information furnished to him. He did not take any action on 5/21 or 22/72 to see that full facts were ascertained concerning the assault on SA [] and the ensuing fight between Agents and demonstrators as this would have been a logical follow-up by the supervisory staff. Based on facts available to him at the time this did not appear necessary. With regard to conversation with Bureau Supervisor [] as to whether the assaulted officer was a Metropolitan Police Officer, SAC acknowledged telling [] it was an officer of Metropolitan Police Department as this was the information he previously received and he had no reason to go beyond this. He recalls speaking with Assistant Director Miller but believes there was a misunderstanding as he did not indicate the assaulted officer was a plainclothes officer of Metropolitan Police Department nor did he furnish any information concerning an AFO investigation because there was in fact no investigation. SAC advised since Inspector's inquiry he opened cases on AFO and E&R violations and directed two experienced Agents to immediately present facts to the AUSA. Declinations of prosecution were received in each instance (see observations).

SAC states this incident was grossly mishandled from beginning to end by Agents involved and situation was compounded through inept handling by Supervisors who did not keep him informed of events either as they took place or immediately thereafter. According to SAC, SA [] used atrocious judgment in attempting to arrest the assailant and other Agents were "covering up" as their conduct was

Memo for Mr. Felt
Re: Inquiry into Assault SA []

b6
b7C

not that of professional law enforcement officers. He believes overriding theme in whole episode was that security Agents and Supervisors [] and [] allowed their gathering of intelligence information to overshadow the equally important responsibility to develop information for criminal prosecution. SAC states while findings of Inspectors reflect adversely on administration of WFO for which he is responsible, he does not think facts as determined are characteristic of overall operations of that office.

OBSERVATIONS:

It does not appear there was initially a concerted plan by WFO personnel to cover up this matter or to furnish misleading information to FBIHQ. Rather, it seems the gross mishandling of this case came about through a series of events as explained below.

The event which triggered assaults on Agent [] and other Agents was SA [] call for assistance when he spotted and desired to arrest the Capitol Police Officer's assailant. Agents' arrest of assailant, the demonstrators' attack, the escape of the assailant, the subsequent confrontation between the two groups, and the Agents' drawing of weapons and use of tear gas ensued. In the heat of covering that day's demonstrations, including above events as well as interest in furnishing FBIHQ timely information regarding this demonstration, a teletype, prepared shortly after these events occurred, was submitted to FBIHQ which contained incomplete and inaccurate information.

Regardless of the confusion which undoubtedly existed shortly after these events, it seems clear that by Sunday evening, 5/21/72, essential facts of assaults had emerged and were made known to WFO supervisory personnel. If any significant detail needed clarification or was missing, such data could have been obtained through inquiry of Agents involved. There is no indication anyone at WFO took it upon himself to send a revised, corrected teletype to FBIHQ on 5/21/72 even though it was realized the teletype on the incident sent earlier that day was not factual.

The next day when a corrected communication should have been sent to FBIHQ regarding the [] matter, early events of the day had a lasting effect. Supervisor [] allegedly mentioned the prominent morning newspaper article and photographs of Agents to the SAC and the response was a "wait until FBIHQ asks us about it" answer. This reported remark by the SAC gave a "reading" to personnel, supervisors and Agents alike, directly or indirectly that nothing further to FBIHQ was desired. That same morning, however, FBIHQ asked for a teletype regarding details of the assault and injuries to SA [] which led to his commendation. Supervisor [] prepared and the SAC approved a teletype which significantly distorted fact SA [] was going to another Agent's assistance with all its ramifications, by stating SA [] was going to the assistance of a police officer being assaulted. Supervisor [] and the SAC now state they did not know the full facts at that time and, therefore, they are innocent of sending FBIHQ misleading information. If, in fact, they did not already know, all they had to do was to ask the Agents what happened.

b6
b7C

Memo for Mr. Felt
Re: Inquiry into Assault of SA []

Later in the day SAC reaffirms the position of only responding to inquiries when he allegedly tells SA [] in reference to [] photograph in the afternoon newspaper holding a gun, words to the effect that we will deny we know who that is. If there was any doubt at this point as to how the SAC wanted this matter handled, this reported conversation with SA [] would have removed it. Once the SAC decided not to tell FBIHQ full details of what actually happened, he charted a course from which he could return only with great difficulty. It would be very hard to volunteer facts about the incident some days after it occurred as FBIHQ would inquire why complete and accurate facts were not submitted promptly. The office's position was further solidified when within a few days (5/24/72) SA [] was commended for going to the aid of a police officer who was being assaulted. Now, if SAC chose to straighten out the record, he would certainly be in serious trouble. b6 b7C

There is no indication there was any cover-up on the part of the Agents. On the contrary they briefed their supervisors orally and, as far as can be ascertained, accurately, as to all the events that had transpired on the day in question. Ordinarily, without question, Agents have the personal obligation to submit FD-302s or other pertinent memoranda without being asked to do so by a supervisor. This would also include memorandum regarding their use of tear gas and a confirmation letter to USA regarding the [] opinion. In this instance, however, these traditional obligations of Agents to initiate the necessary communications were overshadowed by the events which took place at a supervisory level. Additionally, it also appears that since the involved Agents were assigned to security squads concentrating on intelligence-type data, they may not have been thinking in terms of FD-302s and related reporting techniques in criminal matters. The involved Agents were aware of what was happening and of equal importance of what was not happening regarding the administrative aspects of this matter. Agents would also be aware of the fact that an FD-302 has meaning only when a case is opened and investigation is being conducted looking toward identifying the subject and obtaining evidence to sustain prosecution. Any investigative report prepared in this instance would necessarily be sent to FBIHQ. Therefore, preparation of an FD-302 would be the first step by an Agent in bringing about that which the SAC was seeking to avoid - a disclosure to FBIHQ of the complete events regarding SA [] and other Agents. b6 b7C

For an Agent to prepare any kind of communication in this instance could be construed as running contrary to the express or implied desires of SAC and/or their supervisors. The Agents knew the [] arrest, which was an outgrowth of the confrontation, was not handled properly insofar as paper-work was concerned since Supervisor [] indicated he did not want any paper on that arrest and there were no AFO and E&R cases opened in which to record investigation concerning these violations. The fact Agents did not prepare necessary communications is a natural consequence to implied instructions on a supervisory level to let the matter rest. This implication could be overcome only by an explicit instruction from a supervisor to submit a memorandum or other communication regarding the confrontation. Such an b6 b7C

Memo for Mr. Felt

Re: Inquiry into Assault of SA []

b6
b7C

explicit instruction did not come and the reasoning of the Agents in not submitting such communications must be considered in this light.

The form and memorandum submitted by WFO regarding the injuries to SA [] (CA 1 and CA 2 and compensation for damage to clothes, etc.) would have posed a real problem for the office if it were filled out to reflect SA [] was going to an Agent's call for assistance rather than to the assistance of a police officer being assaulted, for which SA [] had already been commended. Information furnished on these forms was consistent with data previously furnished FBIHQ.

In light of the above, the importance of supervisory responsibility for the events that occurred takes on added meaning.

SA [] was the immediate supervisor responsible for the demonstration coverage. He is the supervisor briefed by the Agents and he should have seen to it that necessary memorandum or other communications were prepared concerning the confrontation. Furthermore, he should have taken action on 5/21/72 to send to FBIHQ a supplemental teletype which would set forth the correct information regarding the assault on SA []

Supervisor [] although not directly involved in the chain of command for the demonstration coverage, did subsequently learn that a photograph of the unidentified assailant of the police officer was available in WFO and had been identified by several Agents and as a supervisor he should have seen to it that necessary follow-up action was taken.

Supervisor [] who handles criminal cases in WFO (including AFO) was on duty 5/21/72 for express purpose of handling criminal matters that rose from demonstrations. Once he became aware of assault on SA [] he should have insured that a case was opened and matter investigated.

Security Coordinating Supervisor [] failed to effectively coordinate the 5/21/72 incident. He did not take any action to resolve what supervisor was to follow through on necessary investigation of the incident other than to let it be known that he himself would handle the assault on SA []. To the extent that he did personally handle this, he did so in an improper manner. He failed to accurately set forth facts of SA [] assault when he prepared a teletype to FBIHQ on 5/22/72. He failed to see that FBIHQ was later informed of the correct information when he became aware of the true facts. He also allegedly unknowingly furnished SA [] with incorrect instructions regarding the need to send the AUSA a confirming letter on the [] arrest.

b6
b7C

Memo for Mr. Felt

Re: Inquiry into Assault of SA []

b6
b7c

SAC Robert G. Kunkel admits on Sunday, 5/21/72, he knew of SA [] assault, that other Agents had to fight demonstrators and it was necessary for Agents to draw weapons to leave area. He chose not to consider Agents' fight with demonstrators as assaults on Agents and did not believe this to be a confrontation or significant enough to tell the Bureau. It is only now, almost three months after the incident, that SAC states Agent [] actions were atrocious and other Agents covered up their conduct. He placed the complete cause for the derelictions on Agents and Supervisors and does not acknowledge any shortcomings on his part.

It is noted SAC during Inspectors' inquiry chose to have Agents present facts in the unknown subject AFO and E&R violations to the AUSA for a prosecutive opinion. This was contrary to Inspector's oral instructions although SAC does not acknowledge this. Considering importance of assaults on law enforcement personnel, be they our own Agents or local police, SAC has the responsibility to make first-hand inquiry and aggressively pursue investigation to identify the unknown subjects as promising leads are outstanding and the solutions would make prosecution a possibility. Since this was not done, Inspector instructed SAC to reopen and investigate these cases.

SAC denies statements attributed to him by SA [] and Supervisor [] concerning Agents' photographs appearing in the newspapers and Supervisor [] statement of SAC's knowledge of assault incident. He also claims a misunderstanding in the conversations with Assistant Director Miller and the Inspector.

SAC's statement he was as misinformed as Mr. Gray is not consistent with the facts. SAC admittedly was aware of the confrontation and fight between Agents and demonstrators, including Agents holding off demonstrators at gunpoint. He failed to immediately ascertain all of the facts and make inquiry and take appropriate action concerning the AFO violation. His handling of this matter reflects adversely on his judgment.

Pertinent portions of this inquiry will be furnished to the General and Special Investigative Divisions so those Divisions can follow the AFO and E&R investigations being conducted by WFO.

The Domestic Intelligence Division will be similarly advised so necessary changes can be made in the guidelines paper which was submitted as an enclosure in E. S. Miller memorandum to Mr. Felt dated 7/18/72 (this appears in the Appendix).

RECOMMENDATIONS:

1. As to SAC Robert G. Kunkel. In order to determine if we would be sustained in taking severe administrative action against a veteran under the circumstances, contact was made with [] Office of General Counsel, Civil Service Commission. A hypothetical case involving these facts was presented to [] and he advised that he believed that if it could be established there was a willful withholding of pertinent information by an individual in a supervisory capacity there would be sufficient grounds to remove him from that position. The severity of the corrective action to be taken should be determined by the agency involved with the goal in mind of promoting the efficiency of the service. He was of the opinion that an individual in a supervisory capacity must be completely forthright and one hundred percent candid with his superiors or the operation which he supervises will not function properly. Any deviation from this would justify adverse administrative action of varying degrees including removal from the position.

It appears, therefore, there is sufficient grounds to remove Kunkel as an SAC and to reduce his salary one or more grades (he is now a GS-17). Kunkel was placed at the helm at WFO (a large office with more Agent personnel than any field division except New York and Los Angeles) with no prior SAC experience except as SAC at Memphis for about 30 days. While his actions in this instance showed poor judgment, he has an otherwise good record and perhaps Mr. Gray may desire to give him another chance as SAC in a smaller office either at the same grade or in grade GS-16.

In any event, Kunkel's effectiveness as SAC at WFO has been significantly impaired due to the [] incident and it is recommended he be censured and placed on probation. He is aware of statements made by Agent and supervisory personnel in WFO, some of which are damaging to his position. This could present problems affecting the morale and effectiveness of WFO and under these circumstances it is believed Kunkel should not remain as SAC at WFO. (Letter to Kunkel advising of action taken to be handled by Administrative Division.)

Employee is a veteran with more than a year of Bureau service. Accordingly, he is entitled to 30 days' written notice in the event he should be involuntarily separated, reduced in grade or salary or suspended for more than 30 days. He would also have a right of appeal to the Civil Service Commission for any of these actions.

Mr. L. Patrick Gray, III
Acting Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Gray:

Runkel, Robert G.

I was shocked and astounded, to say the least, upon reading the scurrilous article, "Two Favorites of Hoover in Doghouse Now" which appeared in today's "Evening Star and Daily News." It is quite obvious the article refers to me, as well as [redacted]. The article is unfair, inaccurate, contains misinformation, but most important of all, it questions my integrity. In my 30 years of government service I may have made some mistakes of judgment, but there has never been any reason to question my integrity, either officially or personally, and unequivocally there is no valid reason to do so now. A perusal of the article presupposes a leak of information, which even though totally incorrect, publicly tries and convicts me, at least to the knowledgeable employees of FBIHQ and my associates in WFO, for something I am only responsible as SAC of this office--not my personal integrity.

b6
b7c

*Indeed
it does!*

I immediately called your office this morning in an attempt to personally discuss with you this insidious article and its ramifications. Mr. Felt subsequently informed me that due to other commitments you would be unavailable this week and he agreed that a letter regarding this matter would be appropriate.

REC-13 67-334343-3997

I resent being equated with [redacted] in this article as being one of Mr. Hoover's "favorites." I greatly respect Mr. Hoover as Director of the FBI, but if I was one of his "favorites" I was never made aware of it as evidenced by my personnel file with respect to my career.

Speak to the reporter, or to the person who leaked any info to the reporter.

NOV 7 1972

[Handwritten signature]
FBI

To the contrary, two specific incidents I believe highlight very unfavorable consideration - summarily transferred from Tokyo and demoted without just cause in my estimation and a less than 24-hour transfer from Memphis to this office, notification being received while my furniture was being unloaded into a new home in Memphis on which I just closed the preceding workday. This "favorite" consideration cost me in excess of \$9,000 and came close to [REDACTED]

With respect to any personal relationship, certainly there is more contact with the Director of the FBI by the SAC of this office than any other because of its very location. Many requests have been made of this office by the former Director's Office which I, as well as my predecessors, have willingly performed, and as I would for you and your office upon request. I had no relationship with Mr. Hoover which I could in any way interpret as personal.

b6
b7c

According to the article, Justice Department spokesmen said there was an alleged alteration of a report on Bureau activities during an anti-war demonstration, and the implication is that I had it prepared the way Mr. Hoover would want it. This is patently false, and I feel that I must attempt to correct what appears to me to be a gross misinterpretation of the May 21st situation and my involvement.

I fully accept my responsibility in my position as SAC of this office, for the gross mishandling of the sequence of events on May 21st by agent and supervisory personnel; however, any inference reflecting on my personal integrity is totally without foundation in fact. Data sent to the Bureau regarding the [REDACTED] incident on and after 5/21/72 was furnished in good faith based on the information made available to me. As I indicated in my answer to the Inspector's writeup, I was just as misinformed as you, and I labored under this misinformation until the date the Inspectors arrived. Up to the date of the Inspectors' arrival I had no reason to question the veracity of the Agents and/or supervisors involved.

impcy

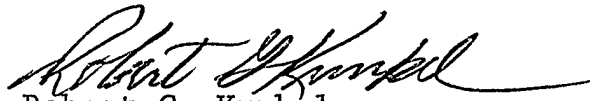

Based on the information made available to me by the Inspectors, it is quite evident that there was indeed a cover up, but certainly not by me, contrary to what the statements may infer. My comments, in my answer to the Inspector's writeup that there were numerous inconsistencies in the signed statements of the personnel which left considerable doubt as to their candor, upon reflection, may have been very charitable on my part. It is obvious that these men were, in part untruthful, for the purpose of spreading the blame as widely as possible as a protective cloak to include the SAC, to partially negate their own ineptness and involvement in their initial cover up of the incident. This is quite evident from the fact that several of the individuals involved voluntarily returned to furnish additional information to the Inspectors after conferring with each other in spite of the fact that they had plenty of opportunity to do this prior to their initial interview. Because of the discrepancies in the statements obtained by the Inspectors, as well as what I consider untruths which were reported, there will always be an element of distrust in my mind regarding most of the individuals involved.

While the Agents involved, as well as perhaps their supervisors, felt they had a reason to cover up their unprofessional conduct, there certainly would be no reason for me to do so. Had I been fully informed of the sequence of events at the time they occurred or even the following day, I would have insured that appropriate investigative action would have been instituted, the Bureau fully informed, and the Agents severely admonished. Indeed there would have been no reason or advantage to me personally or as SAC of this office to cover up or alter the facts in this matter. I think my reputation and record over the years as a Bureau Supervisor, Inspector and SAC speaks for itself as to my unwillingness to cover up anything or to be less than candid with the Bureau in all matters. The fact that you are the Acting Director, or had this situation occurred under your predecessor, would not have altered my handling of the matter had I known all the facts in spite of what the news article infers. Over the years, having served extensively on the Inspection Staff and more recently as SAC, I may have

created some enemies because I have always insisted on strict practical compliance with the Bureau's rules and regulations.

In conclusion, I would like to reiterate that I have never knowingly deceived you or any Bureau official, and as far as I am concerned this would be unthinkable. If there is any doubt in your mind regarding my candor or personal integrity, I would like to have the opportunity to see you personally.

Sincerely,

Robert G. Kunkel

The SAC admits he knew that at the time of SA [Redacted] injury several Agents had a fight with demonstrators and that considerable difficulty was encountered in rescuing Mr. [Redacted] which necessitated the drawing of weapons by several Agents (12).*

I cannot find a specific basis on which to conclude that the SAC knew any more than this. There are the opinions of other WFO supervisors that the SAC, who (1) had radio equipment in his office (116), (2) was in and out of rooms where discussions of events were held (229) and (3) had his own conversations with his subordinates, knew what was going on, but these are general opinions not accompanied by concrete facts to support them (107, 111-12, 116, 120, 152).

One specific instance which does appear in the report, i. e. the briefing by SA's [Redacted] and [Redacted] at which the SAC was present, is consistent with the SAC's explanation of what he knew because both SA's [Redacted] and [Redacted] say they arrived after the melee had started and did not know what had transpired before they reached the scene (83, 85-86).

However, the manner in which he handled the "drawing of guns" factor convinces me that the SAC personally shared the belief, apparently held by at least Supervisor [Redacted] (36), that the best thing that could happen in the aftermath of May 21, 1972, was for the events of that day to die a quiet death.

Memorandum for Mr. Gray

I refer to the following matters:

(1) When the SAC and Supervisor [] discussed the "Washington Post" photograph, which showed Agent [] with his gun in hand, and accompanying news articles, the statement was made that "we will answer their queries concerning (the news articles) when they are made." (156). [] does not expressly state whether he or the SAC made this statement, but he does nothing to correct the understandable conclusion of the Inspectors that he is attributing this statement to the SAC. Even if [] made the statement, SAC Kunkel, by not correcting him, acquiesced in the decision.

(2) The Monday afternoon phone conversation between the SAC and SA [] after the discovery of the photograph in the "Washington Star" in which the SAC (1) asked why SA [] had not told the SAC he had pulled his gun (a question, the asking of which appears inconsistent with the SAC's insistence to the Inspectors that it is not unusual for Agents to have to draw their weapons (172)) and (2) told SA [] that "we are going to deny we even know who that crazy S.O.B. is," referring to SA [] picture in the newspaper (38-40). On this matter, and in the preceding paragraph, I am crediting the testimony of SA [] and Supervisor [] respectively. The SAC does not acknowledge either of these matters (176, 228-29, 239).

(3) On or about May 24, 1972, the SAC supplied Supervisor [] of Division 5 with considerably more information than had been previously contained in communications sent to the Bureau (187), which information was incorporated in [] memorandum of May 24, 1972. Supervisor [] says he elicited this additional information by asking SAC Kunkel to describe the circumstances surrounding the assault on SA [] (187). I find it significant that the additional details furnished by the SAC included no reference to the fact that guns were drawn by the Agents.

The information supplied to [] does include a reference to tear gas, but, assuming [] reported it the way he got it from the SAC, the clear implication is that it was the police who used tear gas to disperse the group. It seems unlikely that the SAC would have known tear gas was used but would not have known of its use by FBI Agents.

Memorandum for Mr. Gray

In this regard, the SAC now says he did not know that ministreamers were used (172). However, he does have a vague recollection of seeing the photograph of SA [] lying on the ground in the Monday "Washington Post," (174) and a picture of SA [] with tear gas appears in the same sequence of photographs.

b6
b7C

The SAC's responses to the Inspectors indicate that the SAC himself did not initiate inquiries or action in this matter, but he instead accepted, apparently without question, information fed to him by his subordinates, and as a result, he now feels they let him down (179). This passivity on the part of the SAC seems unusual in a case where the SAC was on clear notice that FBI HQ was particularly interested in the events of May 21 involving his office. I refer to the following:

(1) he learned from Supervisor [] on Monday morning that the Bureau wanted another teletype on the [] injury (12).

(2) he had at least two conversations (it is not clear whether they were on the phone or face to face) with [] of Division 5 in which inquiries and requests were made of the SAC concerning the [] matter (13-14, 187-89).

(3) he received a telephone call from Assistant Director Miller relating specifically to the [] case in which Mr. Miller asked whether any additional information had been developed concerning the matter (181, 240).

The apparent failure of the SAC to initiate any inquiries with a view to preparing himself to satisfy the demands of his superiors for information is certainly consistent with a conclusion that the SAC just wanted this entire incident to go away, and the sooner the better.

Mr. Miller says he also made specific reference in his conversation with the SAC to the status of the Assault on a Federal Officer (AFO) investigation growing out of SA [] injury, and the SAC did nothing to dispel Mr. Miller's obvious impression that there was such an investigation in progress (181). The SAC does not recall this part of the conversation with Mr. Miller (240).

b6
b7C

Memorandum for Mr. Gray

b6
b7c

Apart from this conversation, however, the SAC's knowledge of a fight between several Agents and demonstrators and of the injury to Agent [] is surely enough to put him on notice that a possible AFO violation or violations are present. His apparent disinterest in pursuing an investigation of these possible violations is again consistent with the conclusion that the SAC thought that the best course to follow with respect to the May 21 demonstration was to say and do as little as possible. The disinterest seems especially significant in view of the strong FBI HQ policy regarding AFO cases. See SAC Letter 70-8 of 2/10/70 and the airtel of 9/16/70, copies of which are attached.

I believe the underlying explanation for the SAC's action or inaction concerning the events of May 21 was supplied unwittingly by the SAC himself, when he told the Inspectors that the Agents' conduct was decidedly not that of professional law enforcement officers, and he used such phrases as "grossly mishandled" and "atrocious judgment" in referring to the conduct of the FBI Agents on May 21 in the presence of the demonstrators (223, 225).

Given this conclusion, which, although one that others might reasonably dispute in my opinion, is sincerely held by the SAC, he decided that it would be in the best interest of the FBI if the "atrocious judgment" of FBI Agents could be kept from public attention, and the best way to do this would be to say and do as little as possible.

The unfortunate result of this course of action was that it would make it almost certain that FBI Agents would be unable to learn any lessons from the experiences of the Agents on May 21. If mistakes are made, all the facts must be made available so that FBI officials, acting individually and collectively, can formulate policy to attempt to insure that past mistakes are not repeated.

Thus far, I have tried to discuss the SAC's personal involvement in the handling of the issues raised by the events of May 21. However, his vicarious responsibility, as the one person in overall command of WFO, for the shortcomings of his subordinates in this

Memorandum for Mr. Gray

matter should not be overlooked. A case such as this in which (1) Agents do not do what they are supposed to do in the belief that their superiors do not in this instance expect or desire prescribed procedures to be followed, (2) no one shows any initiative and (3) everyone, especially supervisors, explains his inaction, as best he can, as resting on the assumption that someone else will do what he is not doing if indeed it is to be done at all, is a case which cries out for strong leadership at the top. The principle that there must be a person in overall command who is responsible for everything that happens "on his ship" may sometimes wreck an otherwise promising and meritorious career, but this principle is an organizational necessity, as evidenced by this very case.

On the basis of the handling of the [] matter and his attitude as revealed to the Inspectors, SAC Kunkel, in my judgment, is not the person who should be in command of WFO.

Insofar as the Inspection report suggests that SAC Kunkel might be placed in command of another field division, I would disagree and recommend instead that every effort be made to place Mr. Kunkel in a position at FBI HQ commensurate with his grade.

*One who has
learned a
lesson the
VERY HARD
WAY is often
a VERY MUCH
improved leader.*

I do this because of a personal prejudice against transferring an SAC to another SAC position when his leadership has been found to be deficient, although I concede that such a transfer may sometimes be the most practical alternative.

Mr. Kunkel's case would appear to be one in which this prejudice against a transfer to another office as an SAC might also be consistent with the subject's personal desires. Mr. Kunkel, since he is already living in the Washington area, might well prefer an assignment to FBI HQ which would avoid the necessity of his moving his family to another location.

I do think that the factor of humane treatment of Mr. Kunkel should be seriously considered by you. As [] has previously indicated to you, the Bureau, after Mr. Hoover's death cannot be the same in all respects as it was prior to May 2, 1972, and it may well

b6
b7C

Memorandum for Mr. Gray

be that Mr. Kunkel and [] are two of the persons who have found the transition difficult to make. Because of this humane factor, I would not recommend a grade reduction for Mr. Kunkel, but would concur in the Inspection report's recommendation of censure and probation.

In recommending a job for Mr. Kunkel at FBI HQ I am thinking in terms of some already existing position where a vacancy exists or could be created by sending someone out to the Field. You have previously been made aware of this writer's belief that the number of Agents assigned to FBI HQ should not be increased.

One possibility would be to place Mr. Kunkel in some Headquarters position which would put him in the line of supervision to continue to pursue vigorously the Watergate investigation, so that neither he nor the press could make a plausible case that your action against him was motivated by a desire to remove him from that sensitive investigation.

b6
b7C

Supervisor []

If the SAC did say to Supervisor [] during their Monday morning discussion of the "Washington Post" photographs and news articles, that queries from FBI HQ would be answered when made (156), it may be that Supervisor [] in his subsequent actions was merely trying to insure that the SAC's apparent desire for as little fuss as possible over the events of the preceding Sunday would be honored.

Although the report is not specific as to times, it would appear reasonable to infer that the SAC and Supervisor [] discussed the publicity in the morning newspaper during one of their first, if not the first, meetings of the day, and it seems further reasonable to infer that the two of them would have had occasion to meet before SA's [] and [] came to Supervisor [] to discuss the processing of the [] arrest and before [] sent the 10:30 A.M. teletype to the Bureau in response to a request from Division 5 to furnish additional details concerning the injury of SA [] (155).

Memorandum for Mr. Gray

b6
b7C

It was in this teletype that [] omitted any references to the facts that Agents other than SA [] were also involved in the confrontation and that at least one Agent had used his gun (4). He admits to knowing these facts when the teletype was sent and says in retrospect that the Bureau should have been informed of them (155-57).

In the aforementioned discussion with SA's [] and [] who, as a security, and not a criminal, supervisor, might reasonably have been expected to seek advice from someone more conversant on a daily basis with criminal violations, undertook to advise SA's [] and [] as to whether they had a good case against []

b6
b7C

There is no reason to believe that SA's [] and [] would have held anything back when they described what they had seen [] doing, which included, according to SA [] statement to the Inspectors, "wielding indiscriminately a broom stick handle," (68) in a melee in the midst of which were a number of FBI Agents.

This factual information, together with a basic knowledge of the elements of a criminal assault violation, which do not include a requirement that a victim be touched, -- it being sufficient that a person can reasonably conclude he is about to be touched, -- is sufficient to indicate that the FBI has taken into custody a person against whom there appears to be a reasonably good case of assaulting federal officers.

However, Supervisor [] tells SA's [] and [] that they should try to get the case against [] dismissed (71, 88-89, 158-59). The Agents were not told merely to present the facts to the Assistant U. S. Attorney and obtain his opinion; they were told to seek a dismissal.

b6
b7C

It is not clear whether Supervisor [] as a security supervisor, was personally familiar with the strong FBI policy in favor of prosecuting AFO cases, which makes his apparent failure

Memorandum for Mr. Gray

to discuss the matter with anyone other than two other security Agents, SA's [] and [] all the more unfortunate.

b6
b7C

Agent [] statement to the Inspectors would indicate that Supervisor [] also advised them to have the simple assault charge dismissed (88-89). SA [] and Supervisor [] in their statements do not clearly indicate what the advice was as far as the simple assault charge was concerned (71, 158-59). If the chances of prosecutive success played any part in Supervisor [] deliberations, it would be more reasonable to dismiss the simple assault case instead of the AFO case because the victim who was hit would presumably have been unavailable to testify in the simple assault trial, whereas the victim Agents in the AFO matter were available.

Even allowing for the fact that he was not assigned to criminal work, and probably not as "prosecution oriented," as a criminal Agent might be. Supervisor [] apparent disinterest in pursuing a case against [] makes sense to me only if it is seen as the conduct of a man who is either of the opinion himself that the events of May 21 should be played down as much as possible, or who feels it is his duty to carry out what he understands to be the wishes of his SAC.

b6
b7C

His second conversation with SA's [] and [] after their return from the Courthouse in which he advised SA [] it was unnecessary to open and close a case on [] arrest (72-73, 90, 158-59), which process would apparently include writing a letter to the U. S. Attorney confirming his oral opinion declining prosecution, is consistent with the above opinion concerning Supervisor [] motivation, even if it is assumed that he, as he suggests in his statement (159), did not realize his advice was in violation of the Manual of Rules and Regulations, Part II, Section 4B 2.

The only evidence which suggests that Supervisor [] had decided to take matters into his own hands with a view towards minimizing the events of May 21, even before he received any guidance from the SAC, was a statement to Supervisor [] on Sunday afternoon that he [] would take care of the necessary paper work

Memorandum for Mr. Gray

involved in advising the Bureau concerning the [] injury (130). [] neither affirms nor denies this statement in the report. It is admittedly hard to conclude that [] had an improper motive at the time he made this statement. The possibility that he was taking personal control in order to protect interests which he thought deserved to be protected is only one possible explanation for this statement.

b6
b7C

Regardless of whether Supervisor [] was following his personal inclinations or was merely trying to satisfy the SAC, his Monday afternoon conversation with SA [] goes a long way towards explaining Supervisor [] conduct throughout this entire incident. In this conversation, which Supervisor [] neither admits nor denies in his statement, [] told SA [] that, while he and his fellow Agents had done a good job the day before, the matter (which included the dropping of the case against []) was being handled in the best interests of all concerned, and he stated something to the effect that let's hope we learned something out there yesterday. When SA [] asked him what, he responded that in the future we should not go into a crowd to arrest someone (35-36).

The shortcomings of Supervisor [] as they appear to me in the preceding discussion justify in my opinion the recommended action against him, i. e. censure and probation. (At the least.)

How about suspension from duty w/o pay

Other Supervisors.

In discussing Supervisors [] and [] who are criticized primarily for not doing something, I am mindful that when something goes wrong, it is always easy for someone else to say in retrospect that a person or persons should have acted differently.

Nevertheless, I concur in the recommended censure against each of those supervisors.

Earlier in this memorandum, I faulted SAC Kunkel for a situation in his office where required procedures were not followed,

Memorandum for Mr. Gray

no initiative was shown and everyone apparently assumed that the other fellow would take care of whatever had to be done.

Without retreating from my argument that the SAC must bear responsibility for this unhappy situation, it is fair to say that the SAC has a right to look to his supervisors, who are closer to actual operations than he is, to help prevent such a situation from existing.

AGREE!

SAC Kunkel's supervisors failed him in this case. The fact that they may have acted as they did because they thought that they were playing it the way the SAC wanted it played does not in my opinion constitute a defense. It would have been far better for the supervisors (1) to have been alert to the required procedures that came into play as a result of the events of May 21; (2) to have insured that those procedures were carried out and (3) then, if the SAC objected to the wisdom of this approach, to have forced the issues in open discussion with the SAC.

Because of the importance of the issues with which it deals, the FBI must have high standards for its supervisors, and when those standards are not met, which may not always become apparent unless a case "blows up," the supervisors must be prepared to be held accountable for the unfortunate consequences which occur.

PROBATION + CENSURE + SUSPENSION.

The Agents.

I agree with the report's conclusion that there is no indication of any cover-up on the part of the Agents.

Agent [] says he notified Supervisor [] of what had transpired (26), and Agent [] indicates he was present along with [] to relate the events of the confrontation to [] (78). SA Brinker says he related what had happened to [] and [] (48), who were also briefed as to events by SA's [] and [] according to SA [] statement (60, 64-65).

b6
b7C

Memorandum for Mr. Gray

Although Supervisor [] at first indicated otherwise (127), he later told Inspectors that he recalls hearing that SA [] went to the aid of a police officer and that SA [] had gone to [] aid, but he remains uncertain as to when he heard this (133-34).

b6
b7C

Supervisor [] says he was told on Sunday afternoon that SA [] called for assistance to apprehend a demonstrator whom he had seen strike a police officer in the back. SA's [] and others responded to the call, and all of these Agents were set upon by a large number of demonstrators during which SA [] was injured, and the subject ran. SA [] saw an individual, whom he apparently thought was the person SA [] wanted to arrest, wildly swinging a broom handle. He took the broom handle from the person and with the assistance of SA [] took this person into custody (105).

Supervisor [] at first said he was told that SA [] had found it necessary to use mace, or threaten its use, to assist SA [] from the crowd (105), but he later says he was not aware of SA [] use of mace until he saw the photograph in the Monday "Washington Post" (120). He does not believe he was aware that guns had been drawn until he saw the photograph of SA [] in the same newspaper (120). No other supervisor says he was aware that firearms or gas were used prior to the "Washington Post" photograph, but I find no reasonable basis for concluding that the Agents withheld that information on Sunday as a part of a conscious plot to mislead their superiors.

In any event, after the "Washington Post" photograph of Monday morning, the use of guns and tear gas by FBI Agents during the melee was clearly known to the WFO supervisory personnel, and it would have been pointless for Agents thereafter to avoid submitting FD-302's as a part of a conspiracy to keep unpleasant facts about their conduct from coming to the attention of their supervisors.

The explanation for the conduct of the Agents in not submitting 302's must therefore be sought elsewhere. The answer is, I think, the same answer that should be given in trying to explain other aspects of the Agents' conduct, such as SA [] CA 1 and CA 2

Memorandum for Mr. Gray

b6

forms, his letter claiming damage to personal property and the Agents' inaction after the photograph taken by SA [] was circulated and identified.

This explanation as it was correctly stated in the report is namely that the Agents were acquiescing in what they understood to be the desires of their supervisors to push the events of May 21 to the background as quickly and quietly as possible.

It must be remembered that the Agents had become accustomed to operating on an assumption, justified or not, that the interest of sparing embarrassment to the Bureau was a dominant one. The incident of May 21 was precisely the type of situation which, under the old assumption, would be regarded as one that embarrasses the Bureau.

Therefore, probably even before they got back to WFO, the Agents were attuned to the idea that their supervisors would be distressed at what happened, among other reasons, because of the embarrassment to the Bureau.

SA [] conversation with SA [] and others to the effect that the whole matter, [] etc., was to be forgotten so as to avoid possible embarrassment to the Bureau (30, 91) illustrates how pervasive among Agents this old assumption was as of May, 1972.

It would have taken strong action at the supervisory level to dispel the opinion that the rule of "Don't embarrass the Bureau" would govern the handling of the events of May 21. Instead, the actions of the SAC and the supervisors could only serve to reinforce this assumption of the Agents.

b6

Consider the following:

1. SA [] is adamant that he never told anyone he was injured while going to the aid of anyone other than SA [] (48, 52, 53), but the teletype that was sent to FBI HQ on Monday morning (4) and his letter of commendation both say that he was injured in going to the assistance of a police officer who was being assaulted. He says he was told by his supervisor, [] to word his letter to

Memorandum for Mr. Gray

b6
b7C

FBI HQ to keep it in line with what his letter of commendation said (53), and [] admits it is likely he gave that advice to SA [] in order to be consistent (135). (Although SA [] does not say he was given similar advice with respect to the CA 1 and CA 2 forms (51-55), it may be significant in considering the wording of the CA 1 and CA 2 forms to note that these forms were dated 5/31/72, and the letter, which was the subject of [] advice, is dated 5/31/72.)

2. The Monday morning conversations between Supervisor [] and SA's [] and [] concerning the [] case.

3. The Monday afternoon phone conversations when the SAC told SA [] they would deny knowing "that crazy S.O.B." with the gun, who was SA [] and when Supervisor [] told SA [] that the matter which included the dropping of the [] case, was being handled in the best interests of all concerned and coupled this with a statement that he hoped the Agents had learned something and would not thereafter go into a crowd to arrest someone.

In conclusion, I concur in the recommendation of the Inspectors, who have never, so far as I know, been accused of being too easy on street Agents, that the street Agents involved in this case should not be punished.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. L. Patrick Gray, III
Acting Director

DATE: September 8, 1972

FROM :

[Redacted]

SUBJECT: WFO Report
Brief for the Defense of SAC Kunkel

Washington Field Office
Robert G. Kunkel

You asked for a brief for the defense in the WFO inspection. Since it would have presented a conflict of interest to defend all parties involved, I have confined myself to defending SAC Kunkel.

This memorandum incorporates by reference the summary of facts in the memo Ponder to Felt, 8/15/72, "Inquiry into the assault of SA [Redacted] and others, WFO. . ."

SAC Kunkel

It is far from clear from the inspection report that SAC Kunkel had knowledge of what actually happened when SA [Redacted] was attacked. Mr. Kunkel states that he was told, on the day of the incident, that [Redacted] had been attacked while going to the aid of a MPD officer, and that he did not learn what really happened until the inspection team arrived.

Against SAC Kunkel's statement we have a statement by Supervisor [Redacted] that he feels that Kunkel was fully informed, that Kunkel was in the squad room (presumably when the incident was discussed), but has no recollection of talking directly to Kunkel about the incident. Coordinating Supervisor [Redacted] made an equally soft statement. He is sure that Kunkel was kept advised of pertinent developments but did not, in response to the direct question say that he had kept Kunkel informed.

b6
b7C

Supervisor [Redacted] stated that he had discussed the incident with SAC Kunkel, but only as a topic of conversation and not in detail. There is no direct evidence from any of the supervisors who had the responsibility of keeping Kunkel informed that any one of them did keep him informed.

Two agents, [] and [] did brief Kunkel when they returned to the office. However, it should be noted that they were involved only in the end of the [] incident and were not aware of all the facts.

*He has
to train
them to do
so. That is
one of his
prime
responsibilities*

SAC Kunkel, of necessity, must rely on his subordinates to keep him informed. It would be physically impossible for him to be personally aware of all the details of any given case. Even in a situation such as this, in which the entire office was focused on one event, the SAC cannot know everything that is going on, unless his subordinates make sure he is kept up to date. From the report he was given, that [] had been injured going to the aid of a Metropolitan Police officer, there was no indication that he should have made further inquiry. He had no reason to believe that there was a confrontation.

There are statements by Supervisor [] and SA [] which indicate that Kunkel saw the newspaper photographs which appeared the next day. However, Mr. Kunkel does not recall that he saw them, and does not recall making the statements which they attribute to him regarding the photographs.

b6
b7C

SAC Kunkel did provide inaccurate information to Assistant Director Miller and Supervisor [] of the Domestic Intelligence Division. There is no evidence that Kunkel was doing any more than repeating the version of the incident that he had been provided. Again there was nothing to put him on notice that the facts were otherwise than he had been told. He furnished what information he had in good faith.

Thus, while there may be a question as to whether Mr. Kunkel knew enough facts to institute further inquiry on his part into the [] incident, there is nothing approaching convincing evidence that he should have done so. And, except for the statements which he is alleged to have made, but does not recall making, regarding the newspaper photos, there is no evidence that he tried to cover up any facts surrounding this incident.

Supervisors [] [] [] and []

The responsibility for SAC Kunkel and FBIHQ being misinformed and for the mishandling of the incident rests in large part with Supervisors [], [], [] and [].

Supervisor [] was the first of the three to learn all the facts of the [] incident. He was briefed by SA [] and later by SA [] when [] returned from the hospital. He learned that [] had been injured responding to [] call for assistance, that the [] arrest was a separate incident, and that tear gas had been used. He had earlier seen the teletype which was sent to FBIHQ regarding the [] incident, and thus had become aware that it was incorrect. Yet he made no effort to furnish correct information in a later teletype. He did not include information regarding the involvement of other Special Agents because it did not seem significant or necessary to include that type of information in a teletype prepared for dissemination and intelligence purposes only. He assumed that the details would be recorded in the case involving [] and in the reporting of the events leading to [] injury.

Nor did [] make any attempt to notify SAC Kunkel of developments in the [] incident as he learned of them. He says that Kunkel was in and out of the squad room and [] feels Kunkel was fully informed.

Although Supervisor [] was in charge of the demonstration activities, it is perhaps understandable that he did nothing further regarding the [] incident, such as requesting memoranda or FD-302's from the agents involved, because he was informed by Supervisor [] that the matter was being handled by Supervisor []. He also refrained from opening a case on the [] arrest, because "upon instructions from the Security Coordinator [], this matter was dropped."

b6
b7C

Supervisor [] was also aware of the circumstances surrounding [] injury. He saw the teletype to FBIHQ entitled [] "Administrative Matter" and thought it was correct, even though it stated that [] had been injured going to the aid of a police officer.

*Here is a
Compound-
ing of the
Falshood!*

[] admits that he probably told [] to make the statement in his forms for compensation consistent with the commendation [] had received from Mr. Gray for going to the aid of a police officer, although that was not an accurate statement of how the injury occurred. He assumed that the incident would be correctly reported in connection with the report on the demonstration, and did not make a separate report even though [] was on his squad. He did not ask [] to submit a report because he assumed that it would be handled in connection with the report on the demonstration, and because [] had said he would handle the paper work necessary in reporting [] injury to FBIHQ.

b6
b7C

Moreover, [] did nothing regarding the photograph of the demonstrator which had been identified by agents because he assumed that it would be handled in the Assault on a Federal Officer case which he assumed was pending.

Supervisor [] was on duty the day of the demonstration in question to handle criminal cases growing out of the demonstration, including Assault on a Federal Officer cases. He was aware that SA [] was injured during the demonstration, but did not make any inquiries to determine whether an AFO case should have been opened. He believes it was the responsibility of the agents who saw the incident to bring it to his attention so that a case could have opened, and no agent ever did bring the matter to his attention officially. He also stated that had the Bureau wanted an investigation, it would have requested one. But he had never before waited for the Bureau to order an investigation in a situation in which an agent had been injured.

In a subsequent statement to the Inspectors, [] stated that there is a different rule regarding the opening of criminal cases during an investigation than there is ordinarily. During a demonstration a case is opened only where there is a violation and a reasonable expectation of solving the case. He concluded that the facts of this case did not warrant investigative effort, since there was no request that he open a case, either from the Field level or from FBIHQ.

b6
b7C

Supervisor [] according to Supervisor [] assumed the responsibility for handling the [] incident, and yet did little to fulfill that responsibility. At the time the teletype regarding [] injury was sent to

FBIHQ on the day of the demonstration, the information in the teletype reflected his knowledge of the incident. He later became aware that other agents were involved and that there had been a confrontation. He made no inquiries into this confrontation in order to inform FBIHQ, because he assumed that the information would be supplied directly to the agent who was preparing the teletypes. He felt no obligation to request memoranda on the incident from the agents involved. He is certain that SAC Kunkel was kept aware of pertinent developments, although he does not state that he personally informed the SAC. He did not personally inform FBIHQ of the [] incident because he assumed it would be handled by the agent with that responsibility.

*But was did
identify.*

[] did not take steps to initiate an AFO case against [] assailant because he did not believe the assailant could be identified.

In the teletype to FBIHQ entitled [] Administrative Matter", he did not supply information regarding the other agents involved and the drawing of guns because he thought the request for information related only to [] and that the other information did not belong in the teletype in question.

When he learned, after [] had received a letter of commendation, for going to the aid of a police officer that [] had been injured answering SA [] call for assistance, he did not believe the matter warranted reopening at that late date.

b6
b7C

Finally, with regard to the [] arrest, [] told the agents involved not to send written confirmation of the AUSA's decision to have the case dismissed, due to his unfamiliarity with the procedures involved in a criminal case.

These four supervisors, [] [] [] and [] failed to exercise supervision over the events of May 21, 1972. While it does not appear that anyone was deliberately trying to cover up the facts relating to the events of the day, it is clear that they were acting far too much on assumptions that someone else was doing what they should have been doing.

They were negligent; grossly negligent!

Everyone with knowledge of the events assumed that SAC Kunkel was being kept informed, yet no one stated that he had in fact kept Kunkel informed.

Likewise, [] assumed that the facts were being reported to the Bureau, but didn't bother to check to see that they were.

[] assumed that the Bureau would order an AFO investigation if it wanted one, yet he has never before waited for such an order.

b6
b7C

[] and [] believed that [] was handling the [] incident, and so took no action on their own to request reports from the agents involved.

[] assumed that the photograph of the demonstrator who was identified as the one who attacked the Capitol Police Officer would be handled in the AFO case which he assumed had been opened.

And so on.

While these derelictions may not be willful violations of Bureau rules or regulations, the consequences thereof are just as serious for an investigative agency. Either way, the job is not being done correctly. As a result, the facts of the case were not reported accurately, an Assault on a Federal Officer case was not opened and no investigation was made into the assault on SA [] a photograph which was identified as being of the person who attacked the Capitol Police Officer was not utilized or turned over to the proper authorities for further action, and FBIHQ was given an erroneous impression of the incident leading to a letter of commendation for SA [] for something he didn't do.

How much worse can it be?

The Agents

Part of the responsibility for the mishandling of this case rests with the agents involved.

b6
b7C

SA [] recognized the photograph of the person he had seen throw a rock at the Capitol Policeman but failed to notify his supervisors because it was general knowledge

in the office that the case was to be dropped. [] also failed to write any report of the incident.

SA [] failed to write any report of the incident because it didn't occur to him and he was not ordered to do so. [] also signed forms for compensation which did not accurately state the facts surrounding his injury, and wrote a memo containing the same version of the incident as was given in the compensation forms. Although he states it was not his idea to so state the facts he signed the forms and should be held responsible for what is contained therein. Whether or not this is technically a "false official statement" it is intolerable to have agents filling out forms for the Bureau with less than accurate statements of fact. In addition, it should have been apparent to [] when he received his letter of commendation that the Bureau did not have an accurate picture of what took place, and he should have brought this to the attention of one of his superiors.

FULLY
AGREE!

FULLY
AGREE!

SA [] failed to prepare any report of the incident because he was not directed to do so. He also witnessed SA [] compensation forms, but felt that since the whole incident was predicated on an attack on a police officer, that the forms were not inaccurate, although they were not as specific as they could have been. In addition, the forms were given to him to sign by Supervisor [] who also knew the facts of the incident.

SA [] arrested [] for breaking a broomstick over another demonstrator's back. Yet he tried to charge [] with Assaulting a Federal Officer, even though he had not seen [] attack any federal officer. This contributed to the confusion which lead to the impression that the [] incident and the [] arrest occurred in the same incident. He subsequently learned that the teletype had misstated the facts, but did nothing to correct them, because his responsibility was for street events and not for teletypes. His failure to open a case on [] or to write a confirming letter to the AUSA regarding [] are excusable, as these actions resulted from orders from Supervisor []. Finally, [] recognized the photograph of the demonstrator who attacked the Capitol Police Officer, but did not report it to his supervisor, because the pictures had been in circulation for several days and everybody knew about the picture. He, therefore, presumed his superiors knew about it.

b6
b7C

Was he
really to
be excused?

SA [] did not make a written report of the day's events and assumed that none would be necessary, since no one had asked him for one. He also recognized the photograph but failed to notify his supervisor because he assumed that notification had already been made.

SAs [], [], and [] failed to provide written reports of the events they witnessed. It should be noted that none of these three saw the entire incident. [] was involved only in the arrest of [] and did not prepare any papers on the arrest because of a discussion he heard between [] and [] that no paper work would be needed on [].

SA [] was responsible for preparing teletypes for FBIHQ regarding the day's activities. He obtained the information regarding the [] incident from a review of the radio log. The teletype was later corrected by someone else to show that the [] injury and [] arrest grew out of two separate incidents. He did not feel it was necessary to include any more information regarding [] in later teletypes because of a conversation with either [] or [].

It appears that agents, as well as their supervisors, were suffering from a lack of initiative. Not one agent undertook to write a report of the day's events; instead they awaited instructions to do so. Nor did any agent inform his supervisor that one of the photographs taken that day had been identified as the man who attacked the Capitol Police Officer.

SA [] in addition to his lack of initiative, signed compensation forms which did not accurately reflect the events leading to his injury, and SA [] witnessed them, perpetuating the mistaken picture FBIHQ had of the incident.

Recommendations

SAC Kunkel--no action. His reliance on his subordinates was necessary and proper. His lack of accurate information stems from their failure to keep him informed, and he had no notice that he was not being kept properly informed.

What about his responsibilities as SAC? If he is to rely on his subordinates, which he should, what of his responsibility for their training and their performance of duty?
